LAYS CORNERSTONE AT NEW WESTMINSTER DORMITORY

—New Castle News Photo

Dr. Will W. Orr, college president, lays the cornerstone of another building in the expansion program of Westminster college. Here in this general view, Dr. Orr is using his trowel at the cornerstone laying of Russell hall, men's dormitory, on Saturday afternoon. Seen here is only part of the large crowd that viewed the ceremonies.

Ceremony At Westminster On Saturday

Cornerstone Of New Dormitory Is Formally Laid

Approximately 2,500 people viewed the cornerstone laying ceremonies at the new boy's dormitory building at Westmister college Saturday afternoon.

The large crowd moved south from the football field between halves of the Westminster-Carnegie Tech football game to watch Dr. Will W. Orr, president of the college, place the stone for the new dormitory. The structure will be known as the Dr. Robert McWatty Russell dormitory, in memory of the college president of 1906-15.

Norman Igo, dormitory building committee chairman, presided at the ceremonies and introduced Rev. Robert F. Galbreath, former Westmister college president, who offered invocation.

The college band then played the national anthem, and Rev. J. Lowrie Anderson of New Wilmington, moderator of the general assembly of the United Presbyterian church led the group in prayer.

Dr. A. C. Williamson made a short address as representative of the Russell family at this point in the ceremonies. The benediction was pronounced by Rev. S. B. Copeland.

The college band played the Westminster hymn to close the program.

The new dormitory will be completed by the fall term of 1951 and will accomodate 135 students.

Laying of the bituminous surface on the Frew Mill road has been completed by maintenances forces of the State Highway Department. Berm work is in progress now and the road will be open to public travel in a few days. The project represents a two year modernization program for in the road.

Neshannock Creek seems to be little affected by the rains of the past few days it is noted. The creek has been at an extremely low level for many months with very little change noted in the height of the water traveling the river bed. Wading the creek at any point seems possible without going too deep.

Amusement Tax Proposal Is Killed By City Council

When Councilman E. Gene Schweinsberg during Council meeting in City Hall today, reversed his stand and voted against a proposed ordinance imposing a 10 per cent city amusement tax, his vote defeated the measure for 1951.

Inasmuch as it had been stated that the $60,000 revenue it was estimated the tax would bring was needed to raise the pay of city employes, hopes for an increase in pay practically disappeared.

And, providing that Messrs. Richard I. Davis, Joseph F. Medure and Schweinsberg adhere to their stated positions, that of also being opposed to a raise in property taxes, it may result in a layoff of some police, firemen and garbage men, it is said.

Churches Plan United Services On Thanksgiving

Worship Programs Are Arranged In District In Various Churches

Thanksgiving will be observed by the Protestant churches of New Castle and vicinity with well planned union services arranged for Wednesday evening and Thursday morning. In all, ten union worship programs have been arranged in various locations about the city and its environs.

The services this year have been arranged in the various churches by the New Castle Ministerial Association. The offerings to be received from the meetings will go in their entirety to the chaplaincy fund of the Ministerial Association.

Wednesday Evening

The Primitive Methodist church, South Mill street, will be the scene of a service Wednesday evening at 7:30 o'clock, with Rev. Raymond L. Kuhn, pastor of the Wesleyan church, speaking. The service is for the South Side churches and will be presided over by Rev. William Vasey, host pastor. Cooperating church pastors will assist in the program.

Wesley Methodist church, West Washington street extension, will hold its service on Wednesday at 7:30 p. m. for the church members of that district. The pastor, Rev. Everett Spring, will speak.

Declare Ingenito Sane At Time He Shot Five To Death

(BULLETIN)

WOODBURY, N. J., Nov. 20—(INS) — Ernest Ingenito was reported today to have been sane when he launched a shooting rampage that killed five of his wife's relatives and wounded three other persons.

George Small, Chief of Gloucester County Detectives, said he had been informed by two psychiatrists that Ingenito was "fully aware" of his actions last Friday night when he unleashed a barrage of bullets at his estranged wife and eight of her relatives.

No official report has been made by the psychiatrists, Dr. Robert S. Garber, Assistant Superintendent of the New Jersey State hospital at Trenton and Dr. J. B. Spradley, former superintendent of the institution.

Small said, however, that they had reported to him orally that the 26-year-old handyman was sane and had not suffered a mental blackout.

Cold Shoulder For Peace Plan Of Vishinsky

U.N. Is Expected To Favor Adoption Of Lie's Proposals

FLUSHING MEADOW, N. Y., Nov. 20.—The United Nations assembly is expected today to turn a cold shoulder to Soviet proposals for a 20-year peace program requiring Communist China's admission to U. N.

Soviet Foreign Minister Andrei Vishinsky's terms of peace, which include an unconditional prohibition of atomic weapons, are certain to be rejected overwhelmingly by the 60-nation assembly in favor of Secretary General Trygve Lie's peace formula.

Two Are Killed In Philadelphia Auto Collision

PHILADELPHIA, Nov. 20.—(INS)—Two persons were hurled to their deaths today in a collision between a station wagon and an automobile in West Philadelphia.

The dead were identified as Regina McGovern, 19, and Alfred J. Agostarola, 22.

Betty Summers, 18, was critically hurt and Genevieve Miresse, 23, suffered cuts and bruises.

Police said Agostarola was driving the women home when his car collided with a station wagon operated by James Tyrell, Jr., 24.

Central Valley In California Is Flood Swept

Two Persons Dead; Millions Of Dollars Damage Results

FRESNO, Cal., Nov. 20.—(INS)—Tired officials and weary rescue workers expressed hope today that "the worst is over" in the devastating floods which swept down from the Sierra Nevada mountains into the Central Valley of California. Two persons are known dead and thousands homeless.

By JAMES E. GRIFFITH
(I. N. S. Staff Correspondent)

FRESNO, Calif., Nov. 20.—Rampaging rivers in the Sierra Nevada mountains, swollen by torrential rains, poured flood waters into California's rich central valley today, killing at least two persons, leaving 2,000 homeless and causing millions of dollars in damage.

The national guard was placed on a standby alert to aid stricken communities throughout the wide valley as thousands of acres of farm and ranch land were submerged and at least two villages completely abandoned.

Worse Conditions Loom

Valley towns were prepared for even worse conditions as rains continued in the mountains, melting off the snowpack and overflowing streams and rivers. The weather bureal also reported another storm was approaching the caost on the heels of days of incessant rains.

Victims of the flood were James Johnson, 75, who suffered a heart attack while being evacuated from Kernville in Kern county, and Frank Erwin, 87-year-old shack

Murray Outlines Organization Stand

CHICAGO, Nov. 20.—(INS)—The Congress of Industrial Organizations opens its 12th annual convention in the Palmer House, Chicago, today with 650 delegates representing six million workers in the United States and Canada.

Philip Murray, CIO president, reaffirmed in his prepared convention report his group's support of the nation's mobilization program but warned that the nation must drastically" alter its defense legislation or the mobilization program will be weakened.

Against Profiteering

Murray emphasized that the labor group has no intention of permitting rapacious special interest groups to profiteer on our national emergency or to shift the burden of its costs on the backs of millions of persons in the lower-income groups".

Report Morale Of Chinese Reds Much Shattered

Firepower Of U.N. Forces Devastating To Chinese Forces

By HOWARD HANDLEMAN
(Far Eastern Director, I. N. S.)

TOKYO, Nov. 20.—Gen. Douglas MacArthur's Tokyo headquarters declared today the morale of Chinese Communist troops in Korea has been shattered by the firepower of United Nations ground and air forces.

The UN supreme commander's headquarters spokesman based this statement on information obtained in questioning 150 Chinese war prisoners thus far captured in the Korean sectors.

The spokesman said the interrogations showed that Chinese soldiers and company officers "who have never faced a modern army" entered the Korean adventure in high spirits, but quickly lost their taste for war.

Frightened by Air Attacks

They were particularly frightened by air attacks, the headquarters official stated.

His statement was the first comprehensive report on the questioning of the Chinese captured in Korea.

He traced the history of Red China's 38th Army from the time it began moving to North Korea until one third of its forces were

Advance Of Red Guerrillas On Seoul Has Been Foiled

SEOUL, Nov. 20.—South Korea's top military commander declared today an advance on Seoul by 2,500 Red guerrillias has been halted 38 miles northeast of the Korean Republic's capital.

United Nations military sources, however, said heavy fighting, precipitated by bold guerrilla moves, raged below the 38th parallel athwart the two mail rail-highway routes leading to Seoul from the northeast and northwest.

In North Korea, above the 38th parallel, a new battle sector exploded behind the front lines in an area 40 miles east of the allied-held Red capital of Pyongyang.

New Tax Bill May Be Delayed To New Congress

By RAYMOND WILCOVE
(I. N. S. Staff Correspondent)

WASHINGTON, Nov. 20—Indications are strong today that Congress will enact new tax legislation next year instead of during the "lame duck" session beginning Nov. 27.

If the session passes without tax legislation, it will not do one of the things for which it was specifically called.

House excess profits tax proponents did much to force a special session. They refused to go home at the end of the regular session until a resolution was passed that specified presentation of a tax measure at a "lame duck" meeting.

Delay Is Seen

Associates of Sen. George (D) Ga., who have conferred with him at his Georgia home say the Senate Finance Committee chairman plans to make "no serious effort" to rush a tax bill through at the short session.

This, coupled with the opinion of some important House Ways and Means Committee Democrats, seems to doom President Truman's request for an immediate four billion dollar excess profits tax on corporations.

These Democrats are forecasting a bill which would combine a boost in the regular corporation income tax rate with an excess

Christmas Leaves For 28th Soldiers At Camp Atterbury, Ind.

CAMP ATTERBURY, Ind., Nov. 20.—(INS)—Ten day Christmas leaves have been authorized for soldiers of the 28th Infantry Division in training at Camp Atterbury.

Gen. Daniel B. Strickler, commander of the "Keystone" Division said all soldiers with exception of a security detachment would be given leave over the Christmas holidays from December 23 through January 1.

Gen. Strickler said the soldiers also would get a partial pay before the leave.

Slayer Of Five Starts Hunger Strike In Jail

WOODBURY, N. J., Nov. 20—(INS) — Ernest Ingenito, 26, charged with murdering five relatives of his wife and wounding her and three others critically, today was on hunger strike broken only by coffee in his guarded cell at Gloucester County Prison.

Warden William Molineaux said the sulky, seemingly-unrepentent prisoner has refused food since his capture Saturday, five hours after his Friday night shooting spree through three homes in Piney Hollow, a south Jersey hamlet.

"Won't Talk"

"He drinks coffee and chain-smokes cigarettes . . . and he won't talk," Molineaux said. Two guards constantly watch Ingenito to prevent another suicide attempt. He slashed his wrists with a razor just before his capture.

Ingenito's wife, Teresa, 23, mother of their children, Ernest, Jr., two; and Michael, one, talked to newsmen before she underwent an operation in Newcombe hospital

Sporadic Red Opposition Is Met On Drive

Advancing U.S. Troops Being Supplied By Air-Drop From Planes

By IRVING R. LEVINE
(I. N. S. War Correspondent)

SEOUL, Nov. 21—(Tuesday)—Tank-led U. S. troops plunged over snow-covered ground to within two miles of the Yalu river in northeast Korea late Monday and may have reached that Manchurian boundary line during the night.

International News Service War Correspondent Bernard Kaplan reported in a front dispatch shortly after midnight (10 a.m. Monday EST) that armored spearheads of the U. S. Army's Seventh Division were less than two miles from the Yalu at 4 o'clock Monday afternoon.

The division's pace-setting 17th Regiment smashed to the southern environs of Hyesanjin and Kaplan quoted a 10th Corps spokesman as saying the GI's probably had reached that city by nightfall. Hyesanjin strattles the Yalu which forms the boundary between Korea and Red China's Manchuria.

Sporadic Opposition

Advancing over rugged mountain terrain against sporadic Red opposition, the 17th Regiment's armored column was being supplied by air-drop with fuel for its tanks and other vehicles.

The American Seventh Division pushed north to the upper Yalu in a drive designed to slice off Korea's bulging northeast corner.

To the division's east, South Korean troops drove up the northeast coast to within 79 air miles of the eight-mile-long Tumen river border between Korea and Soviet Siberia.

Far to the southwest, other United Nations columns surged forward on North Korea's central front for gains up to three and

Television Strike Averted On Sunday

NEW YORK, Nov. 20.—(INS)—A strike against the nation's television industry by 25,000 performers has been averted by the narrowest of margins, rivaling the breath-stopping escapes of Junior's favorite TV hero.

Twenty minutes before the AFL Television Authority order for singers, dancers and actors to organize picket lines went into effect, the strike threat was dissolved with the signing of a two-year contract—the first for the industry.

The agreement was reached at 5:40 a. m. yesterday after all-night negotiations.

Anti-Red Chinese Aid Is Being Given U.N. Forces

By JOHN A. RICHMAN
(I. N. S. Staff Correspondent)

WASHINGTON, Nov. 20.—Reports from China indicate today that the United Nations forces in Korea are receiving anti-Red Chinese aid whether they want it or not.

A spokesman for the Chinese embassy in Washington reported that a full division of the Fourth Chinese Red Field Army in Manchuria has revolted. In addition intelligence reports estimated anti-Red guerrilla forces on the Chinese mainland at 1,600,000 troops.

These reports followed an exclusive statement called to International News Service by Generalissimo Chiang Kai-Shek last week.

He then declared:

Death Penalty For Gibbs Is Upheld By Court

PHILADELPHIA, Nov. 20.—(INS)—The State Supreme Court today upheld the death sentence meted out to Edward Lester Gibbs, 25-year-old war veteran and college student, for the murder of Marian Louise Baker.

In an opinion written by Justice James B. Drew, the tribunal reported that it could "find no error" in the trial that ended in the death sentence for the married slayer.

Gibbs was convicted by a Lancaster county court of strangling the pretty secretary last January and hiding her body under a summer cottage near Lancaster.

The court, in a unanimous decision, thus ended Gibbs' hopes for a new trial.

"The evidence in this case presents a picture of a brutal and ruthless crime committed by this defendant and fully justifies the extreme penalty imposed by the verdict of the jury," Justice Drew wrote.

"We find no error in the record of this case. The sentence imposed should therefore be carried out."

Gibbs, A Franklin & Marshall college student from Pitman, N. J., had contended that he "blacked out" while Miss Baker, a college employe, was in his automobile.

His attorneys had sought a new trial on the contention that Lancaster Judge Joseph B. Wissler had erred in his charge to the jury and that the admission of certain evidence had precluded a fair trial.

Justice Drew pointed out that the jury's rights and duties were fully explained and that the defendant's points were brought out in Judge Wissler's charge.

"The jurors unquestionably understood that they alone had the right to determine what the verdict was to be and that second degree was one of the possible verdicts," he writes.

ADVANCE OF RED GUERRILLAS FOILED

(Continued from Page One)

nist troops were engaged with U. S. Army Second Division units. These Red bands were arrayed for defense of what may be an "eagle's nest" mountain hideout for high-ranking North Korean commanders.

In Seoul, Maj. Gen. Chung Il Kwon, chief of staff of the ROK (Republic of Korea) Army, told International News Service that a march on the ROK capital by 2,500 armed guerrillas has "completely failed."

He said the enemy advance was stopped on the northeast approaches to Kapyong at a point 38 miles northeast of Seoul and three or four miles southwest of Chunchon.

This area is about 250 miles south of the UN forward lines in northeast Korea where American division troops had thrust within five miles of the Manchurian border by Monday morning.

Out of one group of Red guerrillas moving southwest toward Kapyong, Gen. Chung said, 200 were killed late Sunday.

The ROK army chief did not know whether his troops had recaptured Chunchon following Saturday's seizure of that junction city by the Reds. He said he believed the city had been retaken after its civilian residents suffered heavy casualties at the hands of the guerrillas.

dweller who was found drowned in his bed alongside the Sacramento river.

Edwin's body was found when rescuers chopped a hole in the roof to try to get him out of the shack.

Millions in Damages

There was no definite estimate on damage, but it was certain to run into the millions with wrecked houses, dead livestock, ruined crops and damaged highways left in the wake of the high water.

Disaster workers continued their efforts to remove marooned storm victims from isolated areas.

The foothill mining towns of Kernville and Isabella were completely evacuated as the Kern river roared over its banks, causeing 600 persons to flee from Kernville and 400 from Isabella.

A state fish hatchery valued at $200,000 was ruined by the flood six miles north of Kernville.

At Alvarado in Alameda county a cloudburst sent Alameda creek out of its banks and flooded a 25-square-mile area. Volunteers helped save more than 100 trapped persons.

Hard Hit in Central Valley

Farms and ranches were hardest hit in the central valley. In one area near Centerville, 20 miles east of Fresno, turkey farmers lost at least 75,000 turkeys as the floods raced over the lowlands.

A coast guard helicopter pressed into rescue service last night saved 31 persons from a marooned section of the debris-chocked Kings river a mile from Centerville. The helicopter brought the victims out two at a time.

More than sixty families were homeless in the Sacramento region and two small communities near Bakersfield were among those evacuated.

The heavy Sierra runoff poured into streams in the upper valley and churned rivers into a rampage, sending them over their banks into numerous river communities.

Floods Sever Highways

The Golden State highway—No. 99—was severed by flood waters north and south of Fresno.

Among the towns under water were Kingsburg in the corner of Tulare, Fresno and Kings counties and Earlymart in the Tulare lake region of Kings county.

The weather bureau said flood conditions in Tulare generally worsened during the night on both sides of the Tule and Kaweah rivers.

The Fresno county sheriff's aero squadron kept planes in the air during the night looking for signal lights or other signs of distess in sparesely settled regions.

Waters behind Friant dam on the San Joaquin river were rising at the rate of two feet per hour and gates were opened to relieve the pressure. Communities of the San Joaquin below the dam were reported in no danger.

Gov. Earl Warren is expected to issue a statement later today on whether or not a state of emergency should be declared in the stricken region.

Highway crews reopened one of two transcontinental routes between California and Nevada after both had been closed by high waters.

smashed in a three-day action on the northwest Chongchon river front.

The army was originally stationed at the former Manchurian capital of Changchun. It entrained early in October for Mukden in South Manchuria. There the 38th Army presumably was told it was going into action against American troops in North Korea.

The men were warned against speaking the Chinese language in public after reaching Korea and were forbidden to associate with Koreans, the spokesman related.

They also were told to destroy all leters and other papers referring to China.

They entrained from Mukden October 18th and reached the Yalu river opposite the Korean City of Manpojin October 20th.

On the same day, Gen. MacAruthr was watching from a plane as an American airborne regiment parachuted to earth in the area north of Pyongyang to cut off th retreat of North Korean troops from that Allied-captured Red capital.

PLANS NEED CHANGING

DETROIT—Plans for the projected $15,000,000 city-county building called for a huge marble shield bearing the official seals of both governments. Now county officers have discovered that 133-year-old Wayne County never had a seal.

Cincinnati Editor Killed In Auto Crash

ZANESVILLE, O., Nov. 20—(INS)—Two victims of an auto crash in which Adolph Mathias, 69, editor of the Cincinnati Times-Star, was killed, were reported in fair condition today at Zanesville Bethesda hospital.

Mathias' wife, Elsa, 59, escaped with minor cuts and bruises when the automobile in which the group was riding plunged over an embankment outside the city limits of Zanesville.

Hospitalized with broken shoulders were Mr. and Mrs. Arthur Schuchardt.

State Police said Mathias, who was driving, apparently lost control of the auto on the rain-slicked highway and crashed through a guard rail. They were enroute to Cincinnati from a vacation trip to Bermuda.

University Takes Job Inventory

LAWRENCE, Kas., (INS)—An inventory of facilities the University of Kansas has for wartime employment is being made by the University's Research Foundation.

Arthur Inman, research engineer, said the study began last Spring. It is being prepared so it can be used in any major emergency with main emphasis on aid to the armed forces, other government agencies, and industry in the fields of training and scientific endeavor.

Personnel is being studied individually, with each staff member being classified as to possibility of being called into the armed forces or other government service, his professional work and special avocations.

The revolting division, plus the guerrillas, are ot counted in the Nationalist forces of Chiang Kai-Shek on Formosa. Chiang has offered 3,000 of these trained troops for the Korea effort, but his proposed contribution was not accepted.

Diplomatic observers believe, however, that Nationalist troops would be employed without delay should the Peiping Communists precipitate an all-out Far Eastern war.

C.I.O. OPENS CONVENTION

miner who is marking his 10th year as CIO president declared that the defense production act of 1950 "fails in its purpose as an anti-inflation weapon".

He charged that the act designed to control inflation was so "hobbled" with loopholes that it would make "effective price control impossible".

Murrray declared that credit restrictions would fall most heavily on the wage earner, that price ceilings on defense industry products would bring a wage freeze while living costs skyrocket and "no real freeze on food, rent and medical costs" is provided in the act.

The CIO head offered an economic program calling for immediate expansion of war material output, priority for production of essential civilian goods, inflation curbs to keep down prices and protection of the workers' standard of living.

TURNER-DILLS QUIET NUPTIALS

Miss Rosemary Turner, daughter of Mrs. Katherine Turner, 138 Park avenue, was united in marriage to Lt. Elmer Jones Dill, Jr., son of Mr. and Mrs. Elmer J. Dills, Cranford, N. J., at a pretty ceremony Saturday afternoon, Nov. 18, at 3:30 o'clock.

Rev. John Orr, D.D., officiated at the simple but impressive exchange of vows which took place in the Westminster college chapel.

Miss Turner was attractively attired in a modish dark green suit and hat with brown accessories. She wore a corsage of yellow chrysanthemums.

Miss Nancy Beamer, Apollo, cousin of the bride, who served as maid of honor, wore a stylish brown tweed suit and a corsage of yellow chrysanthemums.

Charles W. Orgill, New Wilmington, the bridegroom's cousin, acted as best man.

Following the ceremony members of the immediate families were entertained at a dinner in a suburban inn.

Upon returning from a western wedding trip by motor, the young couple will reside at Camp Atterbury, Ind., where Lt. Dills is stationed.

Mrs. Dills, who was graduated from New Castle high school, attended Westminster college for three years.

Lt. Dills is a graduate of Cranford high school and of Westminster college.

Miss Turner was honored at a personal shower when Miss Jewel Jennings, New Wilmington, entertained at one of the pre-nuptial functions.

WARDMAN-WORKMAN MARRIAGE EVENT

In the Castlewood Holiness tabernacle Friday evening, Nov. 17, Miss Doris Jean Wardman, daughter of Mr. and Mrs. Joseph Wardman of Ellport, became the bride of James L. Workman, son of Mr. and Mrs. James S. Workman of Castlewood.

The double ring ceremony was performed by Rev. Victor Paul Bergman, pastor, while appropriate music was played by Mrs. Helen Wilson. There were no attendants.

The bride chose for her wedding a plum colored gabardine suit and navy accessories. Her shoulder corsage consisted of white roses.

Following the ceremony a reception was held at the home of the bride's parents. The table was centered with the traditional wedding cake, topped with a miniature bride and groom. Mrs. Lee Wallis and her daughter-in-law, Mrs. William Faull, were aides in serving.

At a late hour the couple departed by train for Washington, D. C. They will reside in Castlewood upon their return home.

West Pittsburg Sallies

West Pittsburg Sallies club met for a social time at the home of Mrs. Jack Camerot, at which time plans were started for a Christmas party to be held sometime in December.

Later the hostess served lunch, aided by Mrs. William Aloe and Mary Jane Ponziani.

The next get-together of the group will be on Tuesday, November 21, with Mrs. William Aloe, as the hostess.

PATRICIA CLARK WEDS JOHN R. BUTZ

Providing an effective setting, ferns, palms and large vases of white chrysanthemums were arranged on the altar of the First U. P. church when Miss Patricia Ann Clark, daughter of the late Mr. and Mrs. Edward T. Clark, New Castle, was united in marriage to John R. Butz, son of Mr. and Mrs. Paul Frederick Butz, 217 East Lincoln avenue, Saturday afternoon, at 2:30 o'clock.

Rev. Robert H. Mayo officiated at the single ring, candlelight service in the presence of a large gathering of friends and relatives of the principals.

Ivory brocaded satin fashioned the bridal gown worn by the lovely brunette bride. Style notes of the costume were its portrait neckline, molded bodice enhanced by a double fold of the material encircling the yoke, long, tight sleeves and full skirt extending into a court train. A wreath of pearlized orange blossoms held in place the fingertip veil of illusion. The bride's cascade effect bouquet was made up of six white orchids, frilled with lace. She was escorted down the aisle by her brother, Frank Miller, who gave her in marriage.

An ice blue gown in the colonial style, featuring a mandarin collar and cap sleeves, was chosen by the maid of honor, Miss Katherine Raidy. She carried a colonial bouquet of yellow and bronze pompons and yellow roses and wore a wreath of the same flowers in her hair. Little Miss Cathy Gaston, niece of the bride, was the dainty little flower girl, dressed in a yellow taffeta gown designed like that of the maid of honor. She carried a basket of mixed pompons and roses and wore a halo of the same flowers in her hair.

Joseph L. Jordan served the groom as best man and the ushers were George F. Steck, Jr., of Birmingham, Mich.; John C. Berlin, of Erie; John S. Winter, and Robert L. Preston, Jr.

Immediately following the ceremony a reception for the immediate families and members of the wedding party was held at the home of the bride's sister and brother-in-law, Mr. and Mrs. Carl G. Gaston, 6 West Laurel avenue. Later in the evening a reception was held for friends of the young couple in the Mandarin room of The Castleton hotel.

Now on a honeymoon trip to an undisclosed destination, Mr. and Mrs. Butz will be "at home" to their friends in the Sussex apartments after December 1.

Both young people are graduates of the New Castle high school. Mrs. Butz attended Youngstown college and is employed at the Universal-Rundle Corporation, while her husband, a graduate of Pennsylvania State college, is associated in business with Butz Flowers.

KUMJOYNUS CLASS ELECTS OFFICERS

Kumjoynus class of the First Methodist church met Friday evening at the home of Mr. and Mrs. John Montgomery, King avenue.

During the business meeting the following new officers were elected for 1951: president, Dick Kimmell; vice-president, Jack Montgomery; secretary, Garnett Kimmell; treasurer, Irene Walters.

It was decided that the next meeting would be held December 16 at a local dining room. The committee in charge of choosing the place for the Christmas dinner party will be Jack Montgomery, chairman; John Holbert, and Stewart Jones.

The remainder of the evening was spent playing a variety of games, led by George Heckart. A delicious lunch was then served, and Mr. and Mrs. George Heckart were co-hosts and hostesses for the evening.

CHARLES B. HOGUE GUEST AT PARTY

A birthday party was held at the residence of Mr. and Mrs. Charles B. Hogue, 1115 West Washington street, Saturday evening, honoring the 76th birthday of the former.

An informal social time was enjoyed. Brothers, nieces, nephews and cousins of the honor guest were in attendance. W. S. Kennedy of Warren, O., a cousin, was an out-of-town guest.

Dainty refreshments were served by Mrs. Hogue, with her daughter, Sally Lou, and Shirley O'Brien as the aides in serving.

Mr. Hogue was presented with attractive gifts and cards to remember the occasion.

BRIDAL EVENT FOR NORMA WEINGARTNER

Continuing in a series of pre-nuptial events of Miss Norma Weingartner, the bride-elect's maid of honor, Miss Sally Meehan, was hostess to several friends at a shower on Thursday evening in her home at R.D. 1, Wampum.

Various games provided the evening's diversion, with prizes awarded to Ellen May Breuger, Eva Joseph and Barbara Marburger.

A dainty lunch was later served by the hostess, assisted by Mrs. Roy Meehan Jr. and Mrs. Dean Meehan. A miniature umbrella made of a lovely handkerchief was presented to each guest.

A prettily decorated umbrella concealed several atractive gifts of linen for the honoree.

Miss Weingartner will be united in marriage with John Yoho on Saturday, November 25 in the Bell Memorial Presbyterian church of Ellwood City. Open church will be observed at 7:30 o'clock.

The bride-to-be is the daughter of Mr. and Mrs. J. C. Weingartner of the Ellwood City-New Castle road, and the prospective groom is the son of Mr. and Mrs. John E. Yoho of Castlewood.

HIGHLAND W.M.S. GATHERS AT CHURCH

Members of the Women's Missionary society gathered in Highland United Presbyterian church for their November program. Mrs. J. C. Hanley led devotions and conducted the prayer cycle, her theme being "Christ, the prophesized Messiah."

Mrs. Ellwood Gilbert spoke on the subject, "Panorama by Television," discussing the Islam religion, Oriental carpet designs and our Near East responsibility. Mrs. Thomas Lindsey closed with prayer.

The group plans to send canned goods to the City Rescue Mission for Thanksgiving baskets.

Mrs. Thomas Lindsey, Mrs. W. I. Clark and Mrs. R. L. Wallace, hostesses, served dainty refreshments. The society will assemble in the church on Friday, December 15.

POLLOCK TEACHERS ENJOY LUNCHEON

A full course turkey dinner was enjoyed by the teachers of the Pollock avenue school on Thursday at noon. The group gathered at the school for the occasion, with arrangements of yellow mums and candles adding a holiday note to the table decorations.

Special guests were Dr. Frank Burton, superintendent of schools, and Mrs. Boyd, school nurse.

Miss Clara Cotton and Miss Della Vaughn composed the committee in charge of the dining arrangements.

RUTH LEONHARDT FETED AT SHOWER

Miss Ruth Leonhardt was honored with a surprise miscellaneous shower held at the home of Mrs. Mae Zehner, 314 Sumner avenue, on Thursday evening. Hostesses were Shirley Gwin and Stella Rihel.

The table decorations were gala, arranged with crepe paper streamers of pastel colors extending to the individual places from an attractive sprinkling can attached to the chandelier.

Diversions of the evening included "500" and other games, with Mrs. Barbara Rupp and Miss Sara Capps capturing the prizes.

The bride-to-be received many lovely and useful gifts.

Miss Leonhardt, the daughter of Mr. and Mrs. Fred Leonhardt, R. D. 1, Ellwood City, is a graduate of the Jameson Memorial Hospital School of Nursing, where she is employed. Her fiance, Jack Frickanish, is the son of Mr. and Mrs. John Frickanish of Wampum, and is employed at the Chevrolet Garage in Ellwood City.

November 28 has been the date set for the wedding.

Open Door Bible Class

Open Door Bible class of the Third U. P. church met at the home of Mr. and Mrs. Robert Johnson, Huron avenue, November 16.

Mrs. Elmer Kanagy led devotions with Mrs. Howard Burdette offering prayer. After the business meeting games were played with Mrs. Meritt Reynolds being the winner.

Refreshments were served by the hostess assisted by Mrs. Howard Burdette.

Plans were made for a Christmas party and dinner to be held December 14 at the Village Inn, Harlansburg. Dr. J. Paul Graham was a special guest of the evening.

LARGE GATHERING AT CHARITY BALL

"Wanderlust" was the theme of the annual Charity Ball held Saturday evening at the New Castle Country club by the Junior Guild of the Jameson Memorial hospital, with about 130 couples in attendance.

Carrying out the theme, the ballroom and dining room were gaily decorated with colorful travel posters. Foreign flags were draped on the balconies and the railings were decorated to resmble those of a ship, complete with life-preservers.

A well-known orchestra provided music for dancing. William Eroe, Jr., was awarded the War Bond. Refreshments were served during the evening.

Members of the Junior Guild will hold a "get acquainted" luncheon Saturday, November 25, at a dining room on the New Wilmington road, at 12:30 p.m.

SOME G.O.P. LEADERS HAPPY

Although they are not saying so publicly, some of the top GOP leaders are just as happy that their success in the elections didn't quite reach to control of Congress.

They're still keenly aware of the use President Truman made of the Republican 80th Congress as a whipping boy. The GOP leaders feel that, since they lack control of the executive branch, they can operate more effectively in the new Congress as a militant and powerful minority.

Republicans find themselves in the comfortable position of being able to block almost anything they want to block and still have the onus for congressional shortcomings pinned on the Democrats since it will be—in name at least—a Democratic Congress.

This strategic position is of special importance now, when every political maneuver is directed toward just one thing—a strong build-up toward the crucial 1952 fight for the presidency.

A FEW YEARS TOO SOON

As Dr. Alex Green, a college physicist, tells it, an "automatic" ban on nuclear weapons or peacetime uses of atomic fission, for that matter—will only be a matter of time, anyhow.

According to Dr. Green the earth was "red hot," in a radioactive sense, when it was young. Now that it has reached middle age part of the potency of uranium, for example, has been dissipated. Evidently the stuff ages and loses its wallop much like a storage battery.

That is, another 3,000,000,000 years and there won't be any atomic bomb or any hydrogen bomb to cloud the horizon.

The immediate reaction is to fall back on that old complaint: We were born too soon. But, knowing the capacity of human beings for scrounging around and finding reaction, at any rate, will be to toss Dr. Green's rather startling news into a file marked "Incidental Intelligence."

Never can tell when a radio quizmaster will be calling us up.

RESTRICTIONS AGAINS SUBVERSIVES

The Senate judiciary committee is going to set up a new subcommittee in the 82nd Congress to ride herd on the State and Justice departments in their administration of the McCarran internal security law.

Senator Homer Ferguson (R), Michigan, is the prime mover for this action. Both Ferguson and Judiciary Chairman Patrick McCarran (D), Nevada, are hopping mad over what they think is a deliberate attempt by the administration to make enforcement of the new law look ridiculous.

The senators had expert assistance from men in both departments in drawing up the law and in deciding on its language and provisions. Yet they say the language has been used to harass aliens at Ellis Island who shouldn't have been bothered.

The two lawmakers believe that an over-enforced course was pursued to build up public opinion behind a softening of the law.

Incidentally, the Republican victories of November 7 are viewed as a strong indication that restrictions against subversives will stand pretty much as they're now written.

There is even a possibility that Congress may toughen the law. The strong GOP-Southern Democrat coalition which can control legislation at will is overwhelmingly favorable to the stiffest sort of measures against subversive elements.

HOOVER PLAN PROGRESS

When the master plan for reorganization of the sprawling federal government was set into motion two years ago last summer, its principal backers were rather cynical about its success. The man who directed the reorginization planning and whose name is on the overhauling procedure—former President Herbert Hoover—gave it a 50-50 chance.

Mr. Hoover knew how popular any move to streamline the physical and economic sense could be. He also knew, all too well, how great and firmly entrenched would be resistance against it.

On the eve of the "lame duck" session of the 81st Congress it can be noted that nearly half of the reorganization recommendations have been put into effect. In the eyes of Dr. L. L. McCormick, who is director of research for the citizens group which has been plumping for the plan, the success of the whole venture is hanging in the balance.

The 82nd Congress, when it convenes early next year, may be sympathetic to the balance of the proposals. Then again it may not. Junking the remainder of the plan for the sake of expediency in pushing through other legislation, or for any reason, would be an act of sabotage. There is no better term for it.

If there was ever a time to halt the trend toward expanding federal services, and cut out wasteful practices, the time is new. As armament costs soar to $30,000,000,000 or $40,000,000,000 a year—or higher—non-defense spending must be cut sharply where possible. The Hoover Commission's intricate study of what is wrong with the federal government is a ready-made blueprint for such action. If the legislative spirit is willing, the way is open.

In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

Mediterranean Is Focal Point

Arrival of a United States naval task force at Bari in southern Italy to carry out joint maneuvers with the Italian navy served as a reminder today that Korean conflict has not lessened importance of the Mediterranean in allied defense measures.

By coincidence, the aircraft carrier Coral Sea and attending warships steamed into Bari just a short while after King Farouk of Egypt had focused considerable attention on the Mediterranean.

His threat to abrogate the Anglo-Egyptian treaty of 1936 and his demand for immediate withdrawal of British forces from the Sudan and elsewhere will be rejected or ignored by Great Britain.

But the possibility that Farouk was guided in his latest action by serious internal conditions at home remains. The middle east continues to be an explosive spot. And while the Italo-American naval maneuvers will be in the western reaches of the inland sea, key defenses in the eastern areas are not being overlooked.

Turkey Is Focal Point

The focal point is Turkey.

This country has been little in the news of late, but information from Ankara reveals enormous strides in building up Turkish military defenses and many observers believe that American funds have never been better spent for defense purposes than in this area.

When President Truman pledged military aid to Turkey and Greece on March 12, 1947, many people shook their heads and spoke of more money "down the drain".

But these appropriations helped in bringing the long and costly Greek civil war to an end.

And while this liquidation was in progress, Turkey went to work on the arduous task of streamlining a cumbersome army that was handicapped on almost every score.

Results Apparent

The results have now become apparent.

Turkey's present-day army is almost entirely motorized and mechanized. New military roads have been built with American advice and aid.

Communications in the eastern and northern regions had been almost non-existent prior to 1947. Now they are excellent.

One major proof of what has been done can be observed along Turkey's frontier with Soviet Russia.

From 1941 to 1947, Turkey was compelled to keep an army of between 750,000 and one million men under arms against communism in this area alone. This huge force accounted for nearly half of Turkey's military expenditures. It kept tied to their posts hundreds of thousands of men who could have been used for productive work in fields or factories.

Enormous Concentration

The chief reason for this enormous concentration was the almost total lack of communications and transportation that would be required to substitute a smaller force with mobility and swift striking power.

This has now been achieved to a large degree. The main new strategic road from Alexandretta on the southwest coast near the border of Syria to Erzerum in the northeast has been almost completed and several subsidiary highways are in full operation.

Each mile of road has been accompanied by adequate communication facilities and the troops sent to defense posts are made up of small, compact units, highly trained and splendidly equipped.

Thus while proceeding with rearmament, Turkey has been able to reduce considerablfy the size of her standing army, while the period of compulsory military service has been reduced from three years to two.

In addition to the material factors involved, reorganization of the Turkish army involved many psychological problems.

The Turks were allies of Germany in the first world war and the Prussian system of military formatinon and strategy continued in effect throughout the years.

Officership was a virtual family, hereditary affair. Soldiers had little chance to rise from the ranks, and the government had little or no authority over the general staff.

That has all been changed and the Turkish army is a democratic one. Thus while the allies have brought the western Mediterranean to impregnability they have almost completed safeguards in the east and along with military reforms have gone the teachings of liberty and equality.

The Parent Problem

By Garry C. Myers, Ph. D.

CHILDREN'S HAND-MADE GIFTS

A good many children at school are now making Christmas gifts for their parents. As the parents can't see the gift being made, the child can have the fun of surprise. Sometimes we parents will prompt the child to make at home or at school a gift for the other parent. Usually the prompting comes from a teacher who sees educational values in making gifts. Certainly there can be very high moral values therefrom, for, while the child is making the gift, he tends to think and feel unselfishly.

Although some teachers of woodworking and some home economics teachers in the junior or senior high schools, motivate their students to make Christmas presents for their parents, more teachers in the kindergarten and primary grades foster such gift-making at school.

Creative Fun

With so much emphasis in these early years on creative fun, simple gift-making fits rather easily into the school program for these years. The teacher is usually resourceful with suggestions ofr the young child and she and he can find many added ideas ofrm the children's magazines. Leaders of Scouts, Cubs, Brownies, Bluebirds and the like can enrich their programs through motivating their young members to make Christmas presents. Incidentally, the making of gifts by young children, which they personally present to their parents or other loved ones, helps these young children gradually without undue shock, gain the true idea about Santa Claus.

Some teachers and group leaders encourage gift-making throughout the years. No matter when you receive a gift from your child that he has made for you, I hope you will be truly appreciative, no matter how crude the gift seems to you to be. Be able to see more than the object itself; the dreams and love in the young creator's head and heart and his loving hopes that it will make you happy. To indicate by word or attitude that you don't think much of the gift or that you feel indifferent toward it could crush the child and destroy what might never be repaired.

Father Of Four

When our youngest son, now a father of four little children under six, was in the fourth grade he brought home a wooden clock he had made at school for his mother. He asked her to hang it on the wall in the place of her favorite picture. She removed the picture and replaced it. The effect was wonderful. After several days he suggested she hang the clock in our bedroom and bring back the picture.

Most young children are always receiving gifts at Christmas without thought or practice of presenting gifts. Along with making gifts for their parents they also might well buy a few for them. Fortunate is the child who has some money of his own, however little it be, with which to purchase a few inexpensive gifts. Those children who are gradually educated in the use of an allowance have good opportunities to save for gifts from the pocket money portion of this allowance, by going without some pleasure purchases for themselves.

Club leaders, church school teachers, and public school teachers are in strategic positions for prompting children thus to make self-denials in order to buy some Christmas gifts, especially for their parents. These leaders and teachers also have many opportunities to inspire children to handle money wisely and to use an allowance well. My bulletin "Allowances" may be had by sending a self-addressed stamped envelope to me at 235 East 45th street, New York, N.Y.

Bible Thought

Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment. And the second is like, namely this, Thou shalt love thy neighbor as thyself. There is none other commandment greater than these. —Mark 12:30, 31.

Just Folks

By EDGAR A. GUEST

MORE IMPORTANT THAN THINGS

In vain are all the things we make
For luxury and comfort's sake,
If having them, home falls apart,
Missing the loving mind and heart.

The walls of home, however stout
And trim, cannot keep anger out.
The best machine that sweeps the floor
Will smile at no one at the door.

The wheels and gears that smoothly run
Will get the tedious labors done,
But home requires the care that springs
From hearts and not invented things.

The faith, the courage and the grace
That make the home a restful place;
The smile once more when tears are dried
Devotion only can provide.

Rain . . . mud . . . more rain . . . and more mud . . . Not too pleasant for the hunter, and the home builder isn't too well pleased either . . . especially those who are in the process of doing outside work. Can't be helped . . . it's that time of year. Soon the rain will turn to snow . . . but unless we have a very unusual winter, we won't have too much of the stuff to shovel . . . not like twenty or twenty-five years ago . . . And such thinking always brings up the old-timers with their tall tales of winters gone by . . . How the country doctor traveled by horse and the snow was up to the belly of the horse . . . but the doctor got through and the patient lived.

And more evidence of cold and snowy winters is mentioned in many of the poems of yesteryear . . . Thanksgiving Day poem . . . "Over the river and through the woods" . . . "Jingle bells ' ' ' and "Twas the night before Christmas" . . . Those were the good old days . . . perhaps . . . but what is wrong with the days we are living right now?

True, that our interests are more diversified than fifty years ago . . . but people can still enjoy life . . . If they take the time to enjoy it. Not all pleasure is found by traveling around from night spot to night spot. Those who are tired of it all . . . should try staying at home some evening . . . If you have a quiet evening, then you haven't a little boy in your house.

Our youngest is celebrating his fourth birthday today . . . and such fun we are all having . . . the two older children are just as excited as the little fellow for fact of the matter is, when the oldest boy went to buy his brother a present he found the items so attractive that he just had to buy one for himself.

Someone mentioned yesterday . . . at our pre-birthday celebration that it would only be a short time until the "Old Duffer" would be here. The "Old Duffer" means Santa in our household . . . it's an old custom up our way to use Thanksgiving Day as the time for writing out Christmas lists . . . So you see . . . we are still having the good old days . . . aren't you?

FALL TRAINING TABLE

Washington Calling

(By MARQUIS CHILDS)

To Build Up Military Manpower

WASHINGTON, Nov. 20—A new and far-reaching program for the buildup of military manpower considered essential to national security has been at least tentatively worked out. The new program is the product of long and careful study by all three military services, with the final research funneled through the joint chief of staff.

Joint Chief of Staff Chairman General Omar N. Bradley will give the first previews of the new approach. It will be part of his job to persuade the 82nd congress of the soundness of the program that means maintaining much larger peacetime forces than this country has ever contemplated before.

See Manpower Pinch

It is quite clearly recognized that with the rapid buildup of American forces in the next 18 months, the pinch on manpower will be severe. But the joint chief planners believe this to be inevitable in view of the critical need for the kind of military readiness that simply did not exist when the Communist attaek on South Korea began. There will be no chances taken in 1951 or '52.

This means, then, that by next July 1 the three services will have in uniform 2,700,00 men. From this point the buildup continues to the top level to be reached some time in '52. President Truman has put this level at "around 3,000,000". But, as contemplated now, it will certainly be above rather than below the 3,000,000 mark.

Obviously to keep such a force in uniform over a considerable period of time—given the very high standard of welfare we set for our service men—would put a heavy strain on the taxpayer and on the national economy. It is here that the new approach has been designed to ease the strain.

Basis of Revision

The basis of it is a complete revision of the present system of reserves and National Guard. Present practice is to maintain all National Guard divisions at 100 per cent strength and approximately 50 per cent enlisted strength.

Consequently, these divisions are a long way from combat readiness. The four Guard divisions called up three months ago are still in training and the enlisted personnel is still being built up through Selective Service. This is true even though the divisions contain many combat veterans out of World War II.

Before they are ready for battle, an estimated additional six months of training will be necessary, making a total of nine months. If it were not for the presence of the combat veterans in these units, the essential training period might be twice as long.

Under the program now being worked out the Guard divisions would be kept at 100 per cent officer strength and 85 to 80 per cent enlisted strength. What is equally important, each enlisted man would have had at laest a year and a half to two years of active service. Thus these Guard divisions would become truly a "readiness reserve".

Changeover Would Begin

The changeover would begin—granted that comparative peace prevailed—in about October of 1952. In this same transition period the first universal military training program would be started in a limited fashion. That is to say about 100,000 18 and 19-year-olds would be trained and would in turn become part of the "readiness reserve".

On the basis of present thinking among the joint chief planners, any insistence on UMT at an earlier date would be a liability since it would necessarily thin out even further the number of experienced officers available. These officers are urgently needed just now for more immediate tasks.

There are no illusions that this program can be whipped through as by magic. It calls for a great dea lof education and persuasion. Enlisted personnel who have just completed two years or more of active service will not take readily to the idea of serving in Guard units where they will be required to undergo far more frequent and thorough refresher training than have Guard officers and men in the past. And this concept cuts across prejudices and prerogatives long held by element of the National Guard.

Advantage of New System

But the advantages of the new system are so obvious that it is believed they will weigh heavily against past prejudice. In this manner a reserve would be created capable of going into combat in a matter of days instead of months. It would remove, in part at least, the necessity for keeping large numbers of men in uniform for an indefinite time.

All this is in the belief that the Republicans in control of the next congress will agree—after a careful review—to the necessity of a force in being sufficient to protect the United States and to meet emergencies abroad. No responsible military leader could act on any other assumption.

One Man's Opinion

By Walter Kiernan

As we understand it now the American working man is still an oppressed slave and one in every seven families owns a television set.

As soon as the courts settle the wrangle we expect to be oppressed in full color on a larger screen.

But under the circumstances we can be grateful for the highest type of oppression in the world... When we are oppressed we are oppressed in style.

And it is even beginning to dawn on a few professional weepers that the hired hand may not feel quite as oppressed as his hired leaders would have him believe he is.

There was old Bill Green, puzzled and confused by the re-election of Sen. Taft when suddenly the great light dawned. Some workers must have voted for Taft!

Oddly enough this possibility occurred to Taft before the election but not to the boys with the "finger on labor's pulse". Apparently they had their fingers on each other's heads.

They Say

CHICAGO—Gen. Hoyt Vandenberg, U. S. air force chief of staff: "Too many Americans have draped the world in a chintzy illusion of brotherhood, believing that nations can outlaw struggle over a friendly cup of tea."

WASHINGTON—President Truman: "The prospects are that if remedial measures are not begun immediately, Tito's ability to control subversive elements in Yugoslavia will be seriously, if not fatally, undermined."

Great Game Of Politics

By FRANK R. KENT

(Copyright 1950, By The Baltimore Sun)

They Left Their Leaders

WASHINGTON, Nov. 20.

The other day, commenting on the great victory in Ohio of Senator Robert Taft, whom the combined bosses of organized labor had opposed with unprecedented unity and violence, Mr. William Green, head of the AFL, bewilderedly said: "We just don't understand it. Some of our members must have voted for him."

—o—

That this is an extraordinary understatement ought to be clear even to Mr. Green. The provable fact is that not only in Ohio, where every one of the big industrial cities was carried by Mr. Taft, but in a number of other states where the combined bosses had marked certain candidates for destruction, many thousands of the rank and file of labor voted for them. Almost without exception they survived. There is only one way to interpret this. It amounts to a repudiation by labor itself of its leaders. What happened was this—swollen by seventeen years of White House support and servile party acquiescence in their desires, these leaders reached the point where they believed themselves strong enough to dominate the country politically and crush anyone who stood in their way.

—o—

In their fight on Mr. Taft they practically announced these objectives. There was almost no concealment. There was also a concentration of men, money and propaganda of a scurrility heretofore unmatched in politics. The result showed two things very clearly—first, that this grand-scale effort of the union bosses to take control aroused resentment among the non-union voters regardless of party, causing them to flock to the support of the gallant man so fiercely and unscrupulously attacked; second, it showed in Ohio and elsewhere that a large part of the union membership was too intelligent and too independent to follow such leadership blindly; that they did not believe the lies they were told either about Mr. Taft personally or the Taft-Hartley Act; that they saw through and did not sympathize with the personal ambitions of some of these leaders to become political dictators.

—o—

The net of all this is that while no real damage has been done the cause of organized labor, a great deal of damage has been done personally to the present leaders of organized labor. They have been cut down to size. Revelation of what has been believed by a good many prior to this election but could not be proved—namely, that the bosses cannot politically deliver the labor vote like a lot of sheep—has been demonstrated beyond all possibility of denial. Even Mr. Green concedes it. Thus, these bosses are exhibited for what they are—cheap bullies and braggarts, whose threats are hollow and whose power has been vastly exaggerated The notable thing is that this has been made clear through no partisan victory, but by a resurgence of independence among the masses of organized labor itself.

—o—

That is the fine thing about it. That is why, though its leaders with their Political Action Committees and Leagues for Political Education, etc., have been thoroughly discredited, the cause of organized labor has not suffered. Nor will it. There will be no effort at reprisals in the coming session of Congress. The Taft-Hartley Act will stay permanently on the books but the amendments scheduled will not be punitive in their nature. Mr. Taft himself has made that plain. What he and a majority of the new Congress want to do is perfect the law so that it will protect the working man and the public while at the same time be just to management. They were unable to do that last session because of the bellicosity of the labor bosses and the weight of the White House, exerted because they wanted to preserve the Taft-Hartley Act as a campaign issue. And, what an issue it turned out to be for them!

—o—

Considering everything, it is hard to see how anyone (save the thwarted labor bosses and a few of their captive politicians) can fail to rejoice over what happened. Undoubtedly, in Congress the atmosphere will be more healthful. The labor lobbyists will not throw their weight around quite as before, denouncing, insisting, threatening. The labor politicians, of course, will continue to beat their breasts, issue statements and hold press conferences. At the CIO convention which opens next Tuesday in Chicago the unctuous Mr. Murray and raucous Mr. Reuther will put on a great face-saving act. They will explain that the defeat was not really a defeat at all; that anyhow it was not their fault and that next time there will be a different tale to tell. They want, of course, to hold on to their good-paying jobs, but their alibis are ridiculous and it is difficult to believe they will be swallowed by all the membership.

—o—

In Congress the fear of them now has greatly diminished. No one will take them as seriously as before. For a while, at least, their windy declarations will seem slightly absurd. The labor stooges in House and Senate will not be as docile. Most of them will be a little ashamed. The men of character in both branches will be strengthened in their independence. The whole of Congress will be more free. Perhaps, even, the subserviency of the White House may be lessened and Democratic National Chairman William Boyle tear the ring out of his nose.

Looking At Life

By ERICH BRANDEIS

"There is no free lunch in this world," writes a reader in West Carrollton, O.

He is sixty-one years old and has had ample opportunity to find out for himself that "one does not, to put it in slang, take unless one puts."

Thus he expresses in a few simple words much of what Ralph Waldo Emerson said in twenty pages in his essay "Compensation."

Which only goes to show that those who get PAID for being theoretical philosophers are not the only ones who have wise thoughts.

LIFE makes PRACTICAL philosophers of many others who learn by experience and pay dearly for achieving their philosophy.

We hear so much these days about socialized medicine.

Only the other day President Truman in his St. Louis speech told us about those wonderful days soon to come when we shall all be healthy and happy under a government-controlled Utopian system.

I could already see myself having at my disposal the services of the finest doctors and the prettiest nurses WITHOUT ITS COSTING ME A CENT.

I could picture myself with a slight cold which, ordinarily, I would treat with a few pills. But under the new, the Truman system, the heck with pills.

No, I was going to be carried to a FREE hospital in a rubber-tired ambulance, go into a private room with radio and television, have a famous doctor examine me and shake his head.

"This fellow needs a long rest, good food and tender care," this doctor would say as he winked at the pretty blonde nurse who was taking my pulse.

He would prescribe FREE medicine, but above all he would prescribe FREE juicy steak, FREE French fried potatoes, FREE apple pie a la mode.

But then I came out of my reverie. Where had I heard the expression "Pie in the Sky?" Oh, yes, a Republican orator called Democratic promises that during the recent campaign.

"There is no free lunch in this world," wrote my friend from West Carrollton, Ohio.

And, in his "Compensation," Emerson has a passage which I have always liked:

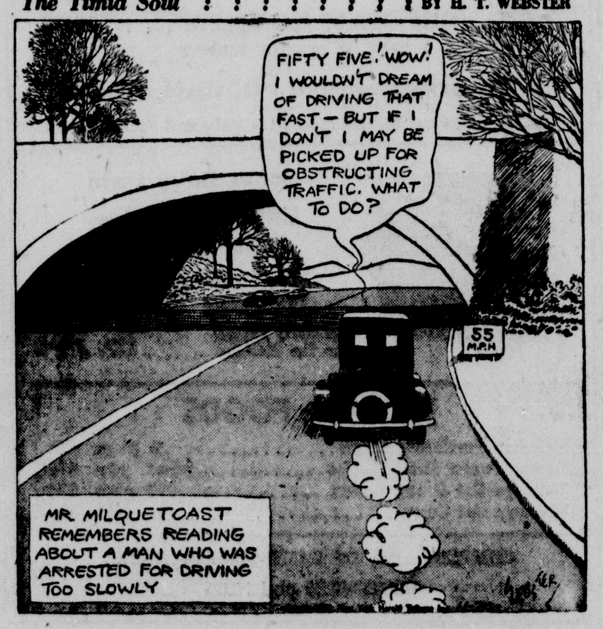

"The President has paid dear for his White House," he wrote. "It has commonly cost him all his peace, and the best of his manly attributes. To preserve for a short time so conspicuous an appearance before the world, HE IS CONTENT TO EAT DUST BEFORE THE REAL MASTERS WHO STAND ERECT BEHIND THE THRONE."

No, dear readers, there is NO free lunch in this world.

If you want to get an idea of what socialized medicine would

No Demobilization After Korea, Says Gen. Bradley

ATLANTA, Ga., Nov. 20.—(INS)—Gen. Omar Bradley said recently that there can be no demobilization after Korea and that military expansion must be pushed up to the peacetime manpower ceiling of about three million armed men.

The goal of three million men was set recently by President Truman. The present estimated strength of the armed forces is about two million 200 thousand.

Bradley, chairman of the joint chief of staff, suggested that there may not be enough manpower for the needed armed forces, and that vast expansion of the National Guard and civilion reserves may be necessary.

Inadequate Defenses

Bradley, addressing a meeting of managing editors, said that use of U. S. forces in Korea left the "free world" elsewhere with inadequate defenses, and "without adequate reserves except for the atomic bomb".

Bradley said that "we face an aggressive power in Europe which might be capable of overrunning that continent" and "we are forced to contemplate that war may mean atomic bombing of our cities."

The general added, however, that the "free world will not need to worry about communist military strength once the power to defend the European continent has been built up."

Concerning German participation in European defenses, Bradley said he hopes "we find the speedy solution of this difficult problem."

The general continued:

"We must grant the Germans an opportunity to defend themselves in the event that the western powers are attacked.

Recommendations

The five-star general's recommendations for U. S. forces included:

1. U. S. air forces "larger than the air forces that exist today". The air force now has 62 groups, and has scheduled expansion to 69 groups.
2. A "build-up" in the navy to meet both Atlantic and Pacific commitments.
3. A permanent Marine Corps of about 165,000 men (two full strength divisions with their own air support), as compared with a corps of 74,000 men before Korea.
4. A peacetime army "larger than we have ever had before".

Bradley's suggestion on reserves was that National Guard divisions should be maintained at 100 per cent and 85 to 90 per cent enlisted strength. He added that some organized reserve units should be brought up to this standard.

Before Korea, the National guard was at approximately 51 per cent of wartime strength and included 335,000 men. Nearly twice as many guardsmen would be needed to maintain the strength basis suggested by Bradely.

Similarly, the organized army reserves before Korea listed 25 divisions, but the army readily admitted that these were nowhere near combat strength and in fact were considered only "paper divisions". None of them could be ready for combat in a short time.

There are about 10,000 parts in the average late model car.

CRANBERRIES AND SPICE TO MEALS

Fresh cranberries bring a welcome lift to fall menus. The tart fruits lends just the right touch to many heavy meals.

Cranberries are excellent used in relishes and salads.

A relish made with one cup raw cranberries, one whole orange, and one-fourth cup sugar is a familiar one.

Remove seeds from the orange and put it and the berries through the food chopper. Mix with sugar and chill several hours. Use the relish with fresh pork sausage or ham, as well as with poultry. A raw apple, cored and chopped, may be added to the relish or used in place of the orange. Whole raisins are another good addition.

If you add the relish to lemon gelatin, it makes a delicious salad.

Reduce the amount of water added to the gelatin by one-fourth cup. Let it cool and thicken before adding relish.

Use cranberry relish on fruit salads. A scoop of it added to canned pears lends spice to that fruit. Serve on lettuce with salad dressing. Or make a salad of orange and grapefruit sections placed fan-wise on a bed of endive. Put a scoop of cranberry-apple relish at the point of the fan. Serve with a sweet fruit salad dressing for a treat with a baked ham dinner.

Cranberries for dessert go well with homemade or bought mixes. Spread two cups of cranberry sauce in the bottom of an 8-inch square baking pan. Pour over it one-third cup orange juice. Top with a white cake batter. Spoon this over the sauce carefully, then bake 40-50 minutes at 375 degrees F. Turn cake out of the pan while still warm. Serve when cool with whipped cream. Makes nine servings.

Deny U.S. Troops Winter Clothing Stolen In Korea

WASHINGTON, Nov. 20. — The Army said today that Gen. MacArthur's headquarters has denied a report that South Korean black market operators stole one third of stocks of winter clothing transported to Korea for American troops.

In a message to Army headquarters in Washington, MacArthur's headquarters emphatically said that "statements of large scale pilferage of up to one third of stocks of winter clothing are without factual basis."

A report published in the United States said that the lack of heavy winter clothing at the front in North Korea was the result of stealing in the Pusan area.

The Army message today said "some pilferage" of a minor nature has happened but that it did not affect the supply situation.

The statement declared that the delay in receiving winter woolens and other clothing "resulted entirely from the difficult supply situation emanating from the spectacularly swift advance of U.N. troops in pursuit of the disintegrating enemy."

Symphony Rehearses 'Year' For Concert

It has been said that practice makes perfect, and if this is true the local Symphony orchestra should present a perfect performance at their concert on Wednesday, November 22.

In order to give New Castle music lovers a program they will enjoy to the utmost it has been necessary for the New Castle Symphony orchestra to accumulate over 4,000 hours of rehearsal time for this first winter concert on November 22. Simple arithmetic shows that it would take a man working forty hours a week for fifty weeks two years to reach the number of hours spent in practice by the symphony.

The Symphony orchestra will have members of the Youth Symphony as their special guests at the concert which will begin at 8:30 p.m. in the Cathedral.

Curb On State Expenditures Strongly Urged

HARRISBURG, Nov. 20.—(INS)—The commonwealth was urged by the Pennsylvania Chamber of Commerce to curb expenditures during the 1951-53 biennium opening June 1.

The chamber said its plea was made "in view of the increasingly heavy federal tax burden and the possibility of all-out defense efforts to cope with world conditions."

The 33rd annual meeting of the chamber ended after delegates elected William W. Sieg, of Bellefonte, to the presidency succeeding Roy C. McKenna, of Latrobe.

Sieg is a native of Steelton and is president of the Titan Metal Manufacturing Co.

Walter D. Fuller, of the Curtis Publishing company in Philadelphia, was elected to a vice-presidency to serve with re-elected incumbents Scott C. Rea, of Sunbury; H. W. Prentis, Jr., of Lancaster, and W. F. Rockwell, Jr., of Pittsburgh.

Assails Government Policy

The chamber also assailed the federal government's policy of prosecuting big firms for alleged violation of the anti-monopoly laws.

The government was urged to eliminate wasteful expeditures and unnecessary outlays for new services and to stop efforts to extend control over the unemployment compensation systems operated by states.

The economy plea directed at the commonwealth hinted that elimination of special projects would be in the public interest if it would spike the need for raising taxes.

"Individuals and business concerns alike," said the chamber, "not only are required to pay an already dangerously high percentage of their incomes for federal taxes; they also are faced with the prospect—in many cases the actuality—of new or increased taxes by local units of government in Pennsylvania.

Hold the Line

"Every step should be taken, therefore, by the governor and general assembly of Pennsylvania to hold the line insofar as state taxation is concerned. If new or additional state taxes in Pennsylvania are to be avoided in 1951, it may be necessary to eliminate all special projects and capital outlays which are not strictly essential to the basic functions of state government.

"Finally, the state chamber believes, and most people undoubtedly will agree, that no tax program should be adopted, or allowed to continue, which is detrermental to the industrial growth, econoraic stability and general prosperity of this commonwealth and nation."

V.F.W. Auxiliary Thanksgiving Party

Thirty-seven guests were present for the delightful Thanksgiving dinner meeting held at the post home, West Grant street, by the Corporal Harry L. McBride Auxiliary, Post 522, V.F.W.

Mrs. Helen Gordon, president, welcomed the guests, who were served an appetizing dinner prepared by Mrs. Minnie Nicholson, chairman, and her committee. Mrs. Georgana Walsh and her committee were responsible for the lovely dining table appointments, which were carried out in a gay holiday motif. The V-shaped table were graced with bouquets of colorful autumn flowers supplied by Gold Star Mother, Mrs. Rebecca McKissick. Mrs. Emma Hites, also a Gold Star Mother, donated a cake, decorated in the patriotic motif, which was awarded to Mrs. Elizabeth Miller.

An entertaining program ensued with Mrs. Nina Skaggs as the program leader. President Mrs. Gordon gave greetings followed by a reading "The Unknown Soldier," by Mrs. Elizabeth Miller. A Thanksgiving dialogue was presented by Mrs. Fae Pitzer, Mrs. Grace Primavere, Mrs. Petronella Bigley, Mrs. Mayme Black and Mrs. Elizabeth Dexter.

Greetings were brought from Mrs. Ida Suber, national president of the Service Star Legion, and Mrs. Evelyn Woods, past department president from the department of Pennsylvania. Mrs. Lueretta Kearney, president of District 25, Mrs. Golden Graham, past Deshon hospital chairman, spoke to the group. Mrs. Charalda McClain of Akron, O., was also among the guests.

The auxiliary made plans to entertain members of the Almira home on Wednesday evening, November 22, starting at 7 p.m.

Arrangements were made for contributions for the Christmas party at Scotland school in Scotland, Pa. Members draped the charter and held memorial services for the late Mrs. Mae Eichler.

Members packed boxes for all the sons, fathers and husbands who are serving in the armed forces.

At the close of the evening Mrs. McKissick presented floral bouquets to Mrs. Kearney and Mrs. Graham.

Big Decrease Shown In Fatalities From Scalds Or Burns

NEW YORK, N. Y., Nov. 20.—Here's evidence that the good old days in some respects weren't so good after all. Forty years ago the loss of life through scalds or burns was seven times as high as it is today. Even as recently as the period of 1936 to 1940 the average death rate was double last year's.

This is based on the experience among the industrial policyholders of the Metropolitan Life Insurance Company, and the improvement, according to the company's safety experts, is due largely to the modernization of the American home with its improved heating, cooking, and lighting facilities.

"The trend reflects in some measure the effect of consistent and widespread education for safety, and the marked advances which medical science has made in the treatment of severe burns," declared Dr. Donald B. Armstrong, second vice-president in charge of the Metropolitan's health and welfare activities. "But most important has been the passing of the old fashioned coal or wood stove, the kerosene lamp, and other hazards of past years."

Even now burns and scalds claim about 4,600 lives yearly in the United States, and many additional thousands suffer serious and disfiguring injuries which do not prove fatal, the company's statisticians report.

Analysis of claim records shows that among adults, burns from stoves and grates, the explosion of flammable liquids, and careless smoking are the most frequent cause of the fatalities. For very young children scalds from hot liquids and steam are the most prevalent causes, and among somewhat older youngsters, burns from stoves and grates, the explosion of flammable liquids, and playing with matches exact the highest toll.

AIR MAIL FLIGHTS

New York (SF)—About 50 million ton-miles of air mail are carried each year over 80,000 miles of domestic routes. Cost to the government averages 50 cents a ton-mile.

Better Behaved U.S. Students

CORVALLIS, Ore. — (INS)—American high school students are better behaved than their British cousins in the opinion of a Corvallis teacher who taught a year in an English school.

The teacher, Miss Mabel Patton, was one of 97 Americans who "exchanged" posts with a similar number of English teachers.

A second commonly accepted American belief "debunked" by Miss Patton is that British youngsters use the King's English in a superior manner. She said this is far from the truth.

Miss Patton said the American teachers reported great difficulty securing the attention of British students due to the low level of classroom deportment. She taught in a private girls' school in a city of 150,000.

The recently returned exchange teacher described her British classroom as a "bedlam" compared to deportment in American high schools. She asserted that the average Briton lacks the self-discipline possessed by the same aged American.

Miss Patton believes the average Corvalis high school student uses as good or better English than his overseas cousin. British youngsters use a great deal of slang and are prone to shorten words in conversation to only the first syllable of a many-syllable word.

Pittsburgh Tax Boosts Scheduled

PITTSBURGH, Nov. 20—(INS)—School and real estate taxes are to be boosted next year in Pittsburgh and current budget proposals indicate higher water rates, too.

The school board's budget probably will exceed $20,000,000. It intends to raise the two mills personal property tax on stocks and bonds to four mills.

Real estate taxes currently are 28 mills on land and 14 mills on buildings. City council hasn't said how much these will be boosted. The 1951 council budget is expected to exceed $38,000,000.

Council's finance committee indicated that current 20 cents per thousand gallons, which Pittsburghers pay for water is "pretty sure" to increase.

Boy Not Yet Three Years Old Receives Draft Questionaire

WAPPINGERS FALLS, N. Y., Nov. 20. — (INS) — A Wappingers Falls boy who will not be three years old until Thanksgiving Day has been approached by selective service.

Little Ronald, son of Mr. and Mrs. John H. Woodin, received a questionnaire from the local draft board. But it was all because of a typograpical error.

The questionnaire should have been addressed to Ronald's 20-year-old brother, Donald Woodin, who had been deferred twice when he volunteered for service.

Nearly Everyone Benefits
Nearly everyone in Pennsylvania, directly or indirectly, benefits from the purchasing power of Bell Telephone men and women.
With earnings that now top $100 million yearly, these men and women are regular customers in thousands and thousands of local business establishments: barber shops, beauty shops, food stores, drugstores, restaurants, hardware stores, clothing stores, service stations. They pay doctors' bills, dentists' bills, school bills.
Thus the money you spend for telephone service not only helps to provide good wages and steady jobs for telephone people . . . but also helps to assure work and wages for Pennsylvanians in many other lines.

Plan To Lay Cornerstone Of New Church

Plans are being made for the formal cornerstone laying at the new Central Presbyterian church, being erected on the Wilmington avenue site near Hazelcroft avenue.

Exact date has not as yet been set, but the program is being arranged for the near future.

According to tentative plans a register of the membership of the congregation will be placed in the cornerstone box, among other things. It is the idea to have all members of the congregation sign the list in their own handwriting.

American Can Co. Workers Have Party On Saturday Night

Probably the last party of Local 1283, United Steel Workers of America, CIO was held in the Columbus hall Saturday night.

Local 1283 is the bargaining agent for the American Can company, and on December 31 the plant will discontinue operations in New Castle. The party Saturday night was in the nature of a farewell.

A spaghetti dinner opened the evening's program with short addresses by City Councilman Joseph Medure and CIO Staff representative Daniel J. Skelly.

Following the dinner a dance was held with refreshments being served later in the evening.

Committees handling the party were chairman, Henry J. Schultz; entertainment, Michael Priscilla; hall procurement, Frank Russo; supper arrangement, James Vitale; sandwiches, James Dennis; refreshments, Edwin Kroesen, Edward Jones, Steve Sisko, Irene Naples and Naomi Hill, prepared the sandwiches.

LOOKING AT LIFE

(Continued from Page Four)

mean, go to some free clinic the next time you are sick.

That IS socialized medicine. See how you like it.

Watch the rudeness of the employees in most of these clinics. Notice the inefficiency of the FREE doctors to whom a patient is nothing but a number or a "case." You are part of a herd. You have no individuality. You wait in line and like it. And if you don't like it—that's just too bad. You get it for nothing, don't you? So what right have you to complain?

Under the proposed system thousands more will go on the public payrolls—doctors, nurses, attendants, clerks.

Millions of additional dollars will be spent by politicians on hospitals, equipment, medicines, etc.

Where is THAT money coming from?

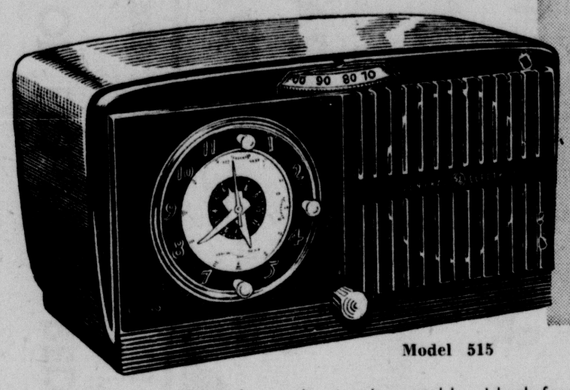

I give you ONE guess.

'Hollywood' Of North Korea Is Discovered

By LEE FERRERO
(I. N. S. Staff Correspondent)

PYONGYANG, Korea, Nov. 20.—The "Hollywood of North Korea," where Russians master-minded Korean movie-making and directed propaganda films was discovered near Pyongyang Saturday.

I went out to the Communist film center with Lt. Glenford Davis, Clarksville, Tenn., Provst Marshal of the fallen Red capital, who first found the spot.

It was a fairyland in a picturesque valley far from the city, a village in itself with brick buildings, a theater and plush living quarters.

There was all the latest types of film equipment, including a few smashed cameras. However, spotlights manufactured in Russia were still intact as were huge reflectors.

Educational-Propaganda

Discarded film in the film room showed pictures of beautiful Russian women. There were educational films and propaganda films.

On a knoll was an imposing structure in the process of being completed for a producer intelligence officers described as the "Darryl Zanuck" of North Korea.

Several of the films which were taken for processing by the Eighth Army showed Kim Il Sung, Red Korean leader, in numerous conferences at which Russians were always present in either advisory or instruction roles.

One of the films showed what was apparently supposed to be a violation of the 38th parallel by American and South Korean troops.

Among the propaganda leaflets was one caricature in which a battered England in the person of Winston Churchill was shown playing a flapper wearing a dollar-marked evening gown and representing capitalist Miss America.

Natives living near the compound said the actors left with the Russians when the fall of Pyongyang was imminent.

Arrest Is Made For Ohio Hatchet Murder

GREENVILLE, O., Nov. 20.—(INS)—A 41-year-old ex-GI was held today in Greenville, O., in connection with the hatchet-slaying of Wade Curtis, 84, a Greenville resident.

Identifying himself as Carl J. Klamn, an "itinerate," the former soldier told police his parents, Mr. and Mrs. Ernest Glamn, live in Milwaukee.

Dark County Prosecutor Howard G. Eley said Klamn told him he had come to Greenville from Dayton to look up a former army buddy.

Klamn said he had a drinking party with Curtis Saturday night. He told police he left the one-room house and returned Sunday morning when Curtis attacked him with a hatchet. Klamn said he turned the hatchet on Curtis and beat the elderly man with his fists.

Court Of Justice Rules Colombia Action Not Proper

THE HAGUE, NETHERLANDS, Nov. 20.—(INS)—The International Court of Justice ruled today that Colombia should not have given refuge to Victor De La Torre, leader of an abortive revolution in Peru in 1948. The court left undecided, however, what action Columbia should now take.

De La Torre, leader of the outlawed APRA party, sought safety in the Colombia embassy in Lima atfer the bloody uprising of Oct. 3, 1948, was put down by the Peruvian government.

The Peruvian government asked for his custody but Colombia refused. Since then the fugitive leader has been staying within the embassy.

Eight-Year-Old Boy Captures Prowler

SEATTLE, Wash., Nov. 20.—(INS)—Eight-year-old Robert Dixon of Seattle is credited with being a giant-killer.

He used a monkey wrench to knock out and capture a prowler who tried to enter his home early Sunday and slashed the intruder's hand with a kitchen knife for good measure.

Alone in the house when he heard someone try to force the front door, Robert struck the prowler on the head twice with the wrench as he came through a broken window.

When his parents and police arrived a few minutes later they found Robert standing guard over the unconscious man.

After being revived and jailed on an open charge the prisoner gave his name as Joseph T. Trammel, 31, Seattle.

Sex Instruction In Schools Opposed

PORTLAND, Me., Nov. 20.—(INS)—Sex instruction in schools was attacked today in the closing sessions of the New England regional conference of the Confraternity of Christian Doctrine.

Rev. Michael J. Quinn, Confraternity director in Brooklyn, N. Y., criticized school room sex instruction for what he called its neglect of the religious and moral aspects of the question. He declared:

"The true meaning of sex education is that part of the virtues of chastity and modesty. Good sex education is that part of general education that fits the child to solve problems arising from the instinct of procreation in a moral and religious manner.

CHICK-BYHAM WEDDING NEWS

Miss Naomi E. Chick, daughter of Mrs. Thomas Hecker, Erie, and of Robert Chick, New Castle, was married to Joseph B. Byham, son of Mr. and Mrs. Fred R. Byham, Meadville, on Saturday, Nov. 11, in the Christian and Missionary Alliance church, Meadville, with Rev. H. J. Sutton performing the rite.

The bridegroom's sister, Miss Elizabeth A. Byham, was maid of honor, and Kenneth R. Chick of Erie, was best man. Ushers were Lewis Alexatos and Fred C. Byham, both of Meadville.

The bride was given in marriage by her father. She wore a hunter's green colored suit with gray accents and shoulder corsage of two white orchids. Miss Byhan was dressed in a taupe-brown suit with black and gold accompaniments, and had a corsage made up of yellow roses.

About fifty guests were received at the home of Mr. and Mrs. Lewis Alexatos, Meadville, after the ceremony, with refreshments being served.

Mrs. Byham attended the Erie schools and the groom, a former student at Meadville high school, is now an apprentice pressman for the Tribune newspapers.

The couple are residing on Reynolds road, Meadville, following a honeymoon trip to Buffalo and Niagara Falls, N. Y., and Canada.

JACQUELYN MITCHELL SETS WEDDING DATE

Friday, November 24 has been chosen by Miss Jacquelyn Mitchell as the date of her marriage to Edward Bush. The bride-elect is the daughter of Mrs. Cecil F. Mitchell, 907 East Washington street, while her fiance is the son of Mr. and Mrs. Harvey B. Bush, 231 Hillcrest avenue.

Wedding vows will be repeated by the young couple in the First United Presbyterian church at 7:30 with Rev. Robert Mayo to officiate at the open church ceremony.

Miss Pat Miller has been chosen as the maid of honor ,with bridesmaids to include Miss Pat Bush, sister of the prospective groom, Miss Connie Peck, Miss Nancy Johnston and Miss Connie Branstetter.

Best man for the occasion will be Harvey H. Bush, brother of the groom. Jim Preston, Bill Samuels and Earl Comstock will usher.

BRIDAL SHOWER FOR MISS J. MITCHELL

Mrs. John Dickson entertained Friday evening at a pre-nuptial shower for her grandaughter, Miss Jacquelyn Mitchell, whose marriage to James Edward Bush will take place Friday evening, November 24.

The evening was spent informally. Later, a delicious lunch was served by the hostess, assisted by Mrs. Mitchell, Miss Patricia Miller and Miss Joanne DeCarbo.

The honoree was the recipient of an array of lovely gifts of a personal nature. Guests were present from West Hartford, Conn., Pittsburgh, Beaver and Beaver Falls.

JAMESON SOCIETY CANCELS MEETING

Members of the Jameson Hospital Aid society will not hold their weekly sewing period this Wednesday morning due to the Thanksgiving holiday.

The group will resume their work on Wednesday, November 29 at the Nurses' home, corner of Jefferson street and Lincoln avenue.

Hershberger-McPeak News

Mrs. W. S. Collins of 411 Epworth street, announces the marriage of her daughter, Mrs. Gladys Collins Hershberger of Warren, Ohio, to Ralph E. McPeak of Phalanx Station, Ohio. The wedding ceremony took place on November 4 at the parsonage of the Evangelical United Brethren church of Silica, Ohio, at 8 p. m., with Rev. T. A. Brumbaugh officiating.

Attendants were: Mr. and Mrs. Harold York and Mr. and Mrs. Millard McFarland of Warren. Miss Maxine Bigley of this city, a niece, sang "I Love You Truly" accompanied at the piano by Mrs. F. A. Smith of Colombia, South America, a sister.

Following the ceremony, a reception took place at the Pine Ridge farm of Mr. and Mrs. John McFarland, Leavittsburg, Ohio. After a six months wedding trip to Eustis, Fla., the couple will return to their farm at Phalanx, O. About May 1, they will be at home to their many friends and relatives.

Croton Wesleyan Service Guild

Members of the Croton Wesleyan Service Guild gathered at the home of Miss Jeanne Wilson, Dewey avenue, on November 14, for their regular monthly meeting. Miss Doris Patter acted as cohostess for the occasion.

The business meeting was called to order by President Betty Jane Nelson, after which committee reports were given by Phyllis Turner, Joan Benninghoff.

The remainder of the evening was spent in chatting, and at a late hour the hostess, assisted by her mother, Mrs. John Wilson, and Mrs. Eugene Downing, served a tasty lunch.

The next meeting will be in the form of a Christmas party and will be held at a local dining room. Chairman for the event will be Miss Joanne Saylor.

Pantherette Club

Pantherette club members will meet Tuesday at eight p. m. in the Union Calabro club rooms, with the following to be new hostesses: Mrs. John DiCarlo, Mrs. C. Clause, Mrs. William F. DeCarbo and Mrs. Albert Barletta. Another team was previously scheduled to entertain this week.

EPWORTH W.S.C.S. MARKS ANNIVERSARY

Epworth Methodist church was the scene of the 10th anniversary birthday party of the Women's Society of Christian Service when a large assemblage of women gathered in the church on Friday evening to mark the occasion. Croton avenue Methodist women were special guests and brought a fine birthday cake to make the event a memorable one.

The service opened with organ selections played by Mrs. Anna Moore Pyle, church organist, followed by Mrs. J. E. Rodgers, president of the host society, presenting greetings. Mrs. William Ayers was in charge of the worship service. A duet, "A Perfect Day," sung by Mrs. Thomas Cummins and Mrs. George Lusk was well received.

Miss Luella Rowe and Mrs. Willis Bates conducted an interesting question and answer period on the subject, "Rural Districts." A film, "Power and the Land" was presented under the leadership of the vice-president, Mrs. Phillip Winter. The candles on the cake were lit as the accomplishment of each secretary was revealed.

To conclude the happy celebration, the group was invited to the dining hall where lunch was served by the Thelma Clark Circle, with Mrs. J. M. Edwards pouring.

W.A.C. CLASS WITH MRS. R. COBLENTZ

Mrs. Robert Coblentz of 119 Boyles avenue welcomed members of the W.A.C. class of the Wesley Methodist church into her home on Friday evening.

Following a business meeting, games were enjoyed, with the door prize awarded to Mrs. Albert Grieve. A dainty lunch was later served by the hostess, assisted by her daughter, Mrs. Dorothy Tucker and granddaughter, Carol Tucker.

A Christmas party will feature the next meeting of December 15, with the group to assemble at the home of Mrs. A. L. Davies, Grandview avenue.

Word has been received here of the birth of a son, William Charles, to Mr. and Mrs. William Moore of Lakewood, N. J., on November 16. Mrs. Moore is the former Marguerite Meade, daughter of Mr. and Mrs. Charles E. Meade of 418 Edgewood avenue, this city.

Two Arrested For Bout After Crash

Eugene Zarlingo, Hillsville, and Anthony Morgan, Raymond street, were arrested by Policeman George Haering at East Washington street and Cochran Way at 11:55 p.m. Saturday on a charge of fighting.

The fight occurred after their cars had been in a slight collision. Morgan reported Zarlingo and nother man got out of Zarlingo's car and attacked him.

By-standers seized one of the men when they saw two men fighting Morgan.

The policeman appeared and arrested both combatants.

In his defense, Zarlingo said Morgan attacked him first, but Morgan denied the accusation, saying he was struck when he asked Zarlingo to pay for the damages to his car.

Mayor Haven instructed Morgan to file an information against Zarlingo and the man who was with him.

Amendments To Anti-Red Law Unlikely

By GLENN M. GREEN
(I. N. S. Staff Correspondent)

WASHINGTON, Nov. 20. — Demands for amendment of the McCarran Internal Security Act's subversives registration section in the lame duck session of Congress were forecast today, but they are not expected to succeed.

Capitol Hill observers feel that no amendment can be passed during the short session, which opens in a week.

The observers point to the November 7 election returns which seem to indicate that the public wants a tough approach to the subversives problem and to the fact that Sen. McCarran (D) Nev., will still head the Senate judiciary committee.

That committee must handle any suggested changes in the law passed during the recent session of Congress.

"Unworkable"

Sen. Kilgore (D) W. Va., declared today that the registration feature is "burdensome and unworkable." He said, also, that immigration restrictions "leave the government no discrimination about issuing visas."

Kilgore added:

"The act will have to be amended. It hamstrings the government in its present form. I don't think that registration will work at all.

"The registration procedure would destroy sources of information for the FBI. We are in danger of losing informational sources, the loss of which would offset the value of having a card index of subversives."

The act requires all Communists and Communist front organizations to register, along with members of Communist-action organizations.

The deadline for voluntary registrations has passed. The Justice Department now must ask the recently-appointed subversive activities control board to order the registrations.

Long Litigation

The department is expected to move first against the Communist party itself, but officials forecast a long period of litigation.

Kilgore conceded that "certain features of the law are excellent." The act reaffirms principles and imposes hobbles on known or potential spies and saboteurs and on subversive and criminal aliens.

Some of the sections are already before the courts.

McCarran seems to be the key as to whether changes will be made in the law. He credits its passage for a large degree of his success in being re-elected November 7.

McCarran, however, has stated that some provisions may need reworking, although he said he wants to see how they function in action first.

Governor Duff Leaves To Visit Troops At Camp Stewart, Ga.

HARRISBURG, Nov. 20.—(INS)—Gov. James H. Duff left Harrisburg today to visit troops of the federalized 51st Anti-Aircraft Brigade of the Pennsylvania National Guard in training at Camp Stewart, Ga.

The brigade, commanded by Maj. Gen. Charles Curtis, of Allentown, has been visite dby Duff on each of its out-of-state encampments during the last four years.

The governor, accompanied by State Adj. Gen. Frank A. Weber, said he plans also to visit the 28th Infantry division at Camp Atterbury, Ind.

Duff then is scheduled to join Governor-elect John S. Fine for a vacation in Florida.

Football Players Have Wild Ride On Colorado Pass Road

DENVER, Nov. 20.—(INS)—A driver who piloted 11½ tons of runaway bus with 34 football players over Colorado's Monarch pass at hair-raising speeds, described the harrowing dash today as "a ride I wouldn't recommend for tourists".

But 44-year-old Jerry Tobin, bus driver for Western State college at Gunnison, mopped his brow as he told how the bus' air brakes failed as he was driving the team to a game at Canon City.

The 17-mile ride lasted only 17 minutes, but Tobin said "it seemed like a lifetime".

He had just driven over the pass from the west and put the bus in second gear. He said he had to use the brakes to keep it down to 30 miles an hour. He said:

Brakes Gone

"A few miles from the top, I heard a brake grab. It soon became apparent there wasn't any brakes.

The driver continued: "The bus started picking up speed, and as it did, it kicked out of second into neutral. Coach Joe Thomas tried to kick it into low gear with his foot, but that wouldn't work. He broke off the gear shift . . . then we didn't have anything."

He told how he shouted to the players to shift with the bus so it would hold the curves.

When the speedometer reached 110, Tobin said, he was afraid to look again.

"Only other thing that really worried me," he said, "was that railroad crossing down below Garfield."

Fortunately, there was nothing on the track when the bus crossed it doing 110 miles an hour.

Just beyond the track, Tobin saw a car in front of him, and another coming toward him. He said: "I guess I was praying then. I swung in on the left of the car in front of me and went between him and the one that was coming toward me. That one went off on the shoulder—thank God."

He finally managed to stop the bus in Salida.

The Western State team won its game with Adams State college in Canon City, 35 to 14.

New Record High For Cotton Futures

NEW YORK, Nov. 20.—(INS)—A new record high for cotton futures on the New York cotton exchange was established today when the nearby December contact sold at 44 cents a pound. The previous record on the exchange was 43.75 cents a pound established in 1920.

Mill buying was the dominant influence in today's upsurge which brought gains at the outset ranging to nearly $2 a bale.

Trade source attributed the steady advance in cotton prices this year to a short crop under government acreage controls, coupled with a large demand both in the United States and abroad.

Many Hunters From Out-State

Pennsylvania Hunting Attracts

Pennsylvania is a mecca for hunters of other states in the autumn and it would be interesting to know how many come in for the bird, rabbit, bear and deer shooting each year.

Don I Neal, treasurer of Lawrence county, has already sold 724 hunting licenses to out of state hunters for which each of them laid down $20.

Mercer county gets a lot of them, Crawford and Erie the same and of course the border counties on the northern fringe. The eastern counties such as Pike, Northampton, Philadelphia, Delaware and Montgomery, and the border counties on the southern fringe do a heavy business also.

The total runs into many thousands of dollars for hunting fees but in addition every hunter spends considerable money for lodging and food in the deer and bear county.

About 90 per cent of the non-resident licenses issued in Lawrence county are from Ohio, with Youngstown, Struthers, Lowellville, Canfield and the rest of the Youngstown area leading .

Thus far, this year there have been licenses issued to residents of Illinois, Massachusetts, New Jersey and North Carolina in addition to Ohio.

Figuring out the cost per pound of game for the money spent the non-resident hunters pay a fancy price for meat but for those who like hunting the price isn't too high.

WOMAN SENTENCED

Mary Kelly, up before Judge W. Walter Braham on a numbers charge, was fined $150 and costs and three months in the county jail. The jail sentence will be suspended if the fine and costs are paid.

EMPLOYES FILE EXCEPTIONS

Six exceptions to the order and opinion of the Lawrence county court in the city pension case have been filed. The exceptions are not filed by the city of New Castle but by the intervening defendants, Edith M. Cleaveland, Cordelia Jones and J. Harold Wood.

The court recently declared the pension ordinance of the city invalid, for the reason that the council had exceeded its statutory authority in passing the ordinance as it was.

Jacob F. Genkinger brought suit against the city of New Castle and the above named employes asked to be permitted to be named as intervening defendants.

The first Monday of December has been named as the day to argue the exceptions.

TURKEYS ABUNDANT

HARRISBURG, Nov. 20.—(INS)—An abundance of turkeys for Thanksgiving and Christmas was predicted today by the state department of agriculture.

The 1,474,000 turkeys to be marketed during the holiday season will exceed the 1949 offering by seven per cent, according to the department.

Meanwhile, the department reported buckwheat crops throughout the state will make up the smallest yield in 84 years chiefly due to losses from wet weather and acreage cutbacks.

Truman Move Gets Support

Congressmen Ready To Aid Yugoslavia

WASHINGTON, Nov. 20.—(INS)—Congressional leaders gave President Truman almost unqualified support for his proposal of large-scale U. S. aid to Yugoslavia.

Top members of the Foreign Affairs and Appropriations committees of Congress indicated to the president they will support swift action on the fund request when Congress reconvenes November 27.

The White House said that replies have been received from many of the committee leaders, and reaction 'in the main has been favorable."

The views of the congressional leaders have been referred by the White House to Secretary of State Acheson for study.

A White House request is expected to go to Congress within 10 days for upwards of 50 million dollars to support the Tito government by supplying emergency shipments of food to prevent wholesale starvation in Yugoslavia.

Three Boys Swallow Wrong Thing And Land In Hospital

CHICAGO, Nov. 20.—(INS)—Three little boys who swallowed the wrong thing gave their parents and attendants at Children's Memorial hospital in Chicago a busy weekend.

Lonnie James, 11 months, of Rockford, Ill., arrived Saturday night with a raw cooking bean half in his right bronchus and half in his left.

A half-hour later, Thomas Hepperly, one year, of River Forest, Ill., was brought in with a piece of candy which had gone down "the wrong way."

Yesterday, a somewhat tougher youngster, Jesse Green, one year, of Chicago, arrived after taking a potent swig of kerosene.

All three are reported "doing well" today.

Will Make Plans To Raise $1,200 Fund

The drive will begin on November 27, and the goal set for the year's campaign is $1200.

BARREL-SUIT IN WAMPUM PLAY

—New Castle News Photo

Mary Louise Santelli as Aunt Tillie in the Wampum High School Senior class play, throws her hands up in mortification as her niece's boy friend walks in, in a barrel. Nick Cook as Mervin Tucker, the boy friend is being told by Bruce Bingham as Ronald Howland, to go behind a screen and put some clothes on. The lad in the barrel (and it smells to high heaven of fish—the barrel that is) had his clothes stolen as he swam. This year's senior play will be one of the best plays ever seen in the Wampum school auditorium. It is hilarious comedy throughout and is based on the doings of a wealthy man hater, Aunt Tillie. The play will be presented Tuesday evening.

State Police Say:

Official signs are erected along all highways for the guidance and protection of the motorist, but for some reason or other a large number of drivers, in violation of the law and contrary to the rules of good sportsmanship, consistently disregard the warnings embodies in the signs. Last year the State Police apprehended 11,787 drivers for stop sign violations. 9,512 were arrested for improper passing. 26,672 were charged with exceeding the speed limit. How else could the motorist be warned of hazardous conditions and other regulations than by the use of warning signs? They really are signs of life, obey them.

Chicago Youth Has Exciting Ride On Mechanical Shovel

CHICAGO, Nov. 20.—(INS)—An unidentified Chicago youngster has memories today of the fulfill ment of every small boy's dream—an unchaperoned ride on a mechanical shovel.

The boy spotted an excavating tractor with a scoop front parked last night near a southside Chicago construction project. He got in, pushed the starter and the machine snorted to life.

Two blocks away the tractor smashed through two fences and crashed to a halt in an alley against the side of a house.

The boy was gone when police arrived.

IRON OR PAINT

Paint is a pretty good thing. Houses and barns and autos look better when they are nicely painted.

Sometimes paint is used to cover blemishes and shoddy construction. That might not be so good.

Sometimes girls use paint and other things to make their faces look pretty.

They should be encouraged to make their faces as pretty as possible. Sometimes they need more iron in the blood rather than paint on the face.

Bright eyes, pink echeeks, red lips and the glow of good health beat rouge and lip stick all to pieces.

Two Women Are Injured In Crash

Two women suffered injuries, which were not of a serious nature, when the auto in which they were riding, skidded and crashed into a bridge in East Brook, at midnight, Saturday. They were treated at the Jameson Memorial hospital, at 12:30 a.m. Sunday.

They were Mrs. Harriet Hines, aged 36, of 323 North Prospect street, Ravenna, O., who had a laceration of the forehead, brush burns of the left knee and right hand; and Mrs. Ida Maet Ellis, aged 29, same address, who suffered brush burns and a small laceration of the right knee.

"I WANT TO TELL THIS TO WOMEN IN THEIR 40's"

"Any woman between the ages of 38 and 52 should be interested in my experience. I was going through functional change of life and found myself terribly embarrassed from hot flushes, and I felt so nervous, easily upset because of this.

"What really shocked me was when I overheard my husband explaining my shortcomings behind my back. He said, 'Don't mind Louise—she's going through change of life.' That made up my mind. I had heard how effective Lydia Pinkham's Vegetable Compound was for relieving such symptoms, and I decided then and there to try it. Thank heavens I did.

"I find Pinkham's Compound simply marvelous to relieve embarrassing symptoms due to this cause. In fact I now take Lydia Pinkham's Compound regularly to help build up resistance against hot flushes, tense emotions, flighty, nervous, tired feelings—due to this cause. I wish anyone when troubled this way would try this great medicine." P. S. Pinkham's Compound tastes swell in a little fruit juice or plain water. A *wonderfully effective* medicine made especially for women.

Bugs Took Billion Dollar Bite Of Farm Production

WASHINGTON, Nov. 20—(INS)—Bugs took a billion-dollar bite out of America's farm production again this year, despite an all-out counter-attack by irate farmers and government experts armed with the latest scientific weapons.

Department of Agriculture officials agree that this has been a great year for insects, who gorged themselves on such divergent delicacies as corn, cotton and even choice cuts of prime beef on the hoof.

The perenially pesky boll weevil made this one of the worst insect-damage years in history for cotton growers.

Work of Weevils

Preliminary surveys indicate weevils devoured at least the 640 million dollars worth of cotton they gobbled up in 1949, and final figures may show even a heavier loss. This is even more staggering when considered in light of the fact that the number of acres allotted to cotton was cut by one-third this year.

Among complications faced by agriculture experts seeking to hold down the damage was a late-season shortage of some of the basic ingredients of the most effective insecticides—ingredients that were sidetracked for another type of war in Korea.

The green bug, whose taste runs to wheat and small grain, also found 1950 a year of feasting. Nearly a billion acres in the Texas-Oklahoma-Kansas wheat belt had to be sprayed or dusted by planes before its northward advances was halted.

This first use of insecticides against the green bug is estimated to have kept him from eating as many as four million more bushels of wheat.

Grasshoppers also ate well this year, devouring some 100 million dollars worth of corn, grain and range grasses. Damage wrought by the high-hopping pests was held that low only because two million acres of range land were treated with insecticides.

One insect that found somewhat less to smack its lips over this year was the most unwelcome immigrant, the European corn borer. Department of Agriculture experts say the check for its corn-on-the-cob feast will be substantially less than 1949's 350 million dollars.

Another pest who had trouble holding its own was the screw worm, which bores through wounds on cattle to dine on beefsteak. An extensive Department of Agriculture education program among rangers helped cut damage here by some 10 million dollars, to about 25 million dollars.

But overshadowing this small victory in the insect war is the whopping 750-million dollar damage to grain stored in government and private bins, a dozen different varieties of bugs got in on this feast, with the rice weevil taking the biggest bite.

Mulcahy Named Cadet First Lieutenant

George J. Mulcahy, 107 West Grant street, New Castle, Pa., senior pre-medical student at John Carroll University, has been appointed cadet first lieutenant according to recent orders issued by Lt. Col. Howard I. Schmitt, commanding officer of the Reserve Officers Training Corps unit at the university.

New Radio-Active Fertilizer Shown At School Session

LANCASTER, Pa., Nov. 20.—(INS)—Radio-active fertilizer was demonsrated Saturday during an atomic energy conference at Millersburg State Teachers college.

Dr. L. T. Alexander of the U. S. department of agriculture, told more than 200 persons that the revolutionary fertilizer is used to test the fertility of soil for phosphorus content.

The development of the process, he said, can save millions of dollars in wasted fertilizer and soil testing and could mean a complete alteration of the crop rotation theory.

The process was discovered by government scientists only six weeks ago, he added.

Case Is Prepared Against Rackets In McKees Rocks

PITTSBURGH, Nov. 20—(INS)—A "carefully prepared" State Police case against racket operations in nearby McKees Rocks will be unfolded to a special Grand Jury today in Pittsburgh, and it may set the pattern for investigations of other municipalities.

The Grand Jury, which originally was formed to investigate "free work" and misuse of city materials, now has extended into probes of rack and racketeering.

Deputy State Attorney General Thomas L. Jones, in commenting about the State Police accusations, said:

"We have a theory, and if it holds up against McKees Rocks, it will set the pattern for our operations in other municipalities.

Cooties Plan Deshon Party

Veterans Will Be Feted December 17

Shenango Pup Tent No. 25, Military Order of the Cooties, is making plans for the annual Christmas Party which will be tendered the men at Deshon hospital, on December 17, general chairman George E. Hunt, announced today.

Co-chairman of this year's affair, George Christoph and Ted Galanski, announce that the first contribution received for the 1950 party was from the local Cootie Pup Tent No. 25, for $1,000.

Sponsored each year by the Military Order of the Cootie, and financed by contributions from civic, fraternal and veteran organizations, business concerns and individuals in Beaver, Butler, Lawrence, and Mercer counties, it is always a Red Letter day for the boys at Deshon hospital.

With entertainment in every ward, a big show in the recreation hall, free phone calls to the folks at home anywhere in the United States, and gifts for all, including 900 boxes of home made candy contributed each year by the women of this area, it looks like a merry Christmas for Deshon.

Secretary-treasurer of the Christmas Party Committee is Mrs. Thelma Freed, 1119 Virginia avenue, Monaca, Pa. Contributors who anticipate having a representative at the party should contact Mrs. Freed for details.

Morrow To Stay As Head Of G.O.P. In Philadelphia

PHILADELPHIA, Nov. 20.—(INS)—William J. Morrow, Philadelphia's Republican city chairman, was assured by Gov.-elect John S. Fine that he will retain his post in the forthcoming reorganization of the local party machinery—at least temporarily.

Although Fine said he favored Morrow's retention, he stressed that Morrow would voluntarily step aside at some future date if the best interests of the party could be served. This could be the regular reorganization meeting in June.

The governor designate, who conferred with GOP leaders in the city, said they were in accord that a number of changes in ward and division leaderships were necessary in the organization. He said:

"At this moment the reorganization of the party does not include the removal of Mr. Morrow as city chairman. I don't know how long he wants to remain as chairman. But I do know about his Republicanism that he wouldn't hesitate to do anything to accomplish our purposes."

He expressed belief that the Republicans—trounced in the city in the last two elections—could win Philadelphia at next year's mayoralty campaign after a "number of factors are looked into."

Sites For New Air Academy Reduced To Twenty Now

WASHINGTON, Nov. 20.—(INS)—The air force announced today that it has reduced to 29 the number of sites under consideration for a new air academy similar to the navy's Annapolis and the army's West Point schools.

A total of 354 sites originally were under consideration. Retired Gen. Carl Spaatz heads the air force academy site selection board which will make the decision.

Among the sites still under consideration include the Harrisburg-Mechanicsburg, Pa., area which will be visited by the selection board on or about Nov. 29.

PLAN FOR CENTER

HARRISBURG, Nov. 20.—(INS)—Plans for a rehabilitation center for severely handicapped children in Pennsylvania were reported by the Pennsylvania Society for Crippled Children and Adults.

Spokesmen said the center, to be located if possible in central Pennsylvania, will be operated by the society as a non-profit residential home.

The society's medical advisory committee said the home could speed recovery of boys and girls through a complete program of care administered by qualified personnel.

Why rinse?

new No-Rinse Surf gets your wash so clean you need never rinse again!

YES, a clean, clean wash—really *sweet*-smelling CLEAN—so clean you need not rinse! Sounds too good to be true? No-Rinse Surf *keeps* its promise. Prove it for yourself!

All you do is wash—wring—dry! There's no *reason* to rinse when you use No-Rinse Surf! Because new Surf contains a miracle ingredient that *floats dirt away*—keeps it from getting back into clothes! Just take your wash right from the tub and run it through the wringer or spin-drier. Clothes come whiter, brighter than with any other soap or suds you can buy!

Lever Brothers guarantees it! We guarantee your wash will come off the line cleaner, softer, smoother-ironing—with *half* the time and work. And No-Rinse Surf is *safe* for fabrics—the only washday product approved by the United States Testing Company for *no rinsing!*

1 Cuts washing time and work in half!
2 Clothes come whiter—colors brighter!
3 Actually helps clothes wear longer!
4 Wash dries sweet and soft!
5 Clothes iron like a dream!

OR TRIPLE YOUR MONEY BACK! If you are not completely satisfied, return unused portion in package to Lever Brothers Co., 80 Varick St., New York 13, N. Y., and triple the purchase price, plus postage, will be refunded.

"I was afraid it was too good to be true!" says MRS. PAUL FAULKNER 323 E. Judson Ave., YOUNGSTOWN

"Frankly, I didn't expect to be satisfied—but I tried No-Rinse Surf because I have a big wash and time is important. The hours I saved! I was afraid it was too good to be true."

"How my mind was changed—when I took the clothes off the line. They felt as soft as any wash I've ever had with three rinsings. They smelled nice and sweet. Looked gleaming clean!"

"I was dazzled by the brightness of the colored things . . . and delighted with the way they came up so crisp and fresh with ironing. No more hard washdays for me—with No-Rinse Surf!"

See for yourself with No-Rinse Surf—only washday product approved by U.S. Testing Co. for no rinsing!

Around Hollywood

By JAMES PADGITT
(International News Service Staff Correspondent)

HOLLYWOOD, Nov. 20 —Twentieth Century-Fox is breathing a sigh of relief now that the war picture they are shooting in Germany and Austria is near completion.

The Wehrmacht uniforms, complete with the Swastika insignia, worn by the extras in "Legion of the Damned" were just too realistic so soon after the end of World War II.

The company reported that the populace of Innsbruck, Austria, cheered when the extras stomped through some marching scenes near the city. At Kiedrich, Germany, the company got a "Heil Hitler" salute.

Germans Sullen

Some reports had it that Germans have viewed the realistic battle and action scenes stood around in sullen groups or when outspoken in their criticism of the movie company's filming the picture in Germany.

Anatole Litvak, producer-director of the spy melodrama, had to put up a stiff battle to convince the military government authorities that it was necessary to shoot the picture in the American zone cities of Wiesbaden, Biebrich, Eberbach, Munich, Kiedrich, and Ludwigshafen in the French zone.

Earn Extra Money

The company got its armored units from the U. S. zone constabulary and the First Infantry Division. Wooden profiles of the German article were made to disguise the American Pershing and light tanks. GI's earned extra pay portraying German soldiers in the film.

One grizzled GI tanker, a veteran of the "Hell on Wheels" Second Armored Division's campaign in Europe, told one Hollywoodian who returned this week:

"If anybody'd told me six years ago, I'd be playing the part of a Kraut tanker in an American tank fixed up to look like a German job, I would have told him he was off his rocker. But I guess time and the movies make anything possible."

GI tankers who take part in the film include Sgt. Frederick Butterworth of Jamestown, N. Y.; Sgt. Harry Mowry, Greenville, Penna.; Sgt. Edward Anadarko, Oklahoma; Cpl. Roy vice, Paris, Ill.; and First Lt. J. B. Hughes, of San Francisco.

Realistic Scenes

The company shot many scenes in the 800-year-old Eberbach Cloister on the banks of the Rhine. In the film it is depicted as the headquarters of the U. S. Seventh Army's strategic services intelligence near Marmoutiers, France.

Litvak decided that the nuns in the Cloister scenes should all be portrayed as members of the order of St. Vincent De Paul. Since there were no known branches of the order in Germany, the company sent to a convent near Strasbourg for a Mother Superior of the order who came to Eberbach to assist the "nuns" in making their picturesque winged headdresses.

Charges Communist Party Not Political But Military Group

NEW YORK, Nov. 20.—(INS)—Lt. Col. William R. Kintner of the U. S. army charges that the Communist party in reality is not a political party, but a military organization trained for combat in preparation for violent revolution.

Kintner, a West Point graduate, makes this and other charges in his new book, "The Front Is Everywhere", published by the University of Oklahoma Press at Norman, Okla.

The author maintains that the communist political label is merely window dressing for a well-disciplined military organization called the officers corps and the general staff of revolution.

The Communist party, Kintner says, follows an army organizational plan comprising two units—the political "front" and a smaller, inner illegal structure.

In the United States, he continues, communist leaders have even gone so far as to set up summer camps which operate as "the communist counterpart of citizens military training camps. These camps ring New York and other large cities and provide idyllic maneuver grounds for communist field training."

President Learns After Reception Building Was Afire

WASHINGTON, Nov. 20.—(INS)—President Truman knows today, if he didn't know at the time, that the building in which he attended a reception yesterday was on fire during the party.

The President, Mrs. Truman and their daughter Margaret stood in a reception line at the Women's National Democratic clubhouse while firemen douse a chimney blaze in the back of the building.

Apparently Mr. Truman did not know about the blaze until he was leaving to return to his Blair House residence.

Newsman asked him: "Did you know the house was on fire?"

The President smiled broadly, took the question as a joke and reported:

Oh, yes, we're hot numbers.

Penetrating or perforating wounds of the eyelids often injure deeper structures, perhaps the eyeball.

Statement On Budget Made By Hoyland

Finance Director Albert A. Hoyland today issued a statement to the public in which he outlined the procedure of compiling a budget, of the difference between the estimated needs and also foreseeable receipts, explains the savings in the finance department for 1951.

The statement follows:

"My office prepares questionnaires which are delivered to the heads of the departments, requesting their anticipated requirements for the year. These blanks were sent out several weeks ago and have been returned to the Director of Finance office where they have been consolidated into a total budget of $1,067,324.95 against an estimated receipts of $894,881.50.

"The budget committee convened several times in an effort to reduce the anticipated expenditures and were finally able to cut the budget to $957,294.15. This total does not include any advance in wages to employes.

"It was then decided that we would have to increase taxes and after some discussion we decided on a 10 per cent amusement tax which would bring in an estimated income of $60,000.000 which amount would give the required revenue necessary to meet the anticipated expenditures.

"Then the persistent demand of employes for an advance in wages came before the Council.

The Director of Finance, in order to make it possible for all employes to receive a $15.00 per month increase conceived the idea of consolidating the work in two departments under his jurisdiction which will result in a saving of $2,248.00. And because next year, 1951, is the triennial assessment year, he then conferred with the city assessor who has always been provided with an assistant in making the tirennial assessments. They instead conceived the idea of using a vacuum cup on the other end of the tape measure so that the assessor could do the work without an assistant thereby saving an additional $2,248.00 or a total saving in the two departments of $4,496.00.

"Since there are fifteen employes in the Department of Accounts and Finance who would participate in an anticipated raise it would amount to approximately $2,700.00. Deducting this $2,700.00 from the above saving of $4,496.00 and you will still have a net saving of $1,796.00 in this department after granting the salary increase."

ART CONTEST

NEW YORK—(INS)—The New York Metropolitan Museum of Art is sponsoring a nation-wide contest for American artists. Prizes in the competition total $8,500. And so far—over 750 paintings submitted by artists all over the country have passed one of five regional juries that have been set up to judge the entries.

LOVELY MATRON SAYS "NOTHING BETTER FOR CONSTIPATION"

Mrs. George Schiesser, a charming wife and mother, of the Bronx, New York, says: "Whenever I'm bothered with constipation, there's nothing better than Dr. Edwards' Olive Tablets. They work *so gently* yet *so thoroughly*, removing waste from the entire intestinal tract." Note: For years, Dr. F. M. Edwards, a noted Ohio physician, recommended Olive Tablets for his patients troubled with constipation and its headaches, lack of pep and bad breath. *All vegetable!* Olive Tablets work on both upper and lower bowels—they give more *natural-like* bowel movements —so smooth—no griping. 15¢, 30¢.

See Switch On Brannan Plan

Now Talking About The 'Family Farm'

WASHINGTON, Nov. 20.—(INS)—Some observers of politics in agriculture see " a straw in the wind" in Agriculture Secretary Brannan's sudden switch from talking "Brannan Plan" to advocating a strengthening of the "family farm."

These observers say — with tongue in cheek—that the secretary is switching brand names.

That is, they say, Brannan is trying to kill the term 'Brannan Plan" as a name for the administrator's farm program, and substitute the phase "family farm strengthening" for the same program.

This highly interesting theory, however, is denied emphatically by sources close to Brannan.

Sees Easier Time

The independent politicial observers say Brannan believes that if the term "Brannan Plan" can be cast into limbo, the administration will have an easier time trying to bring about reforms in the farm price support structure and the farm program generally.

They base this theory on only two of Brannan's post-election speeches.

He first brought in his plea for a stronger family farm system in the U. S. in an address before the convention of the Association of Land-Grant Colleges and Universities at Washington this week.

Brannan further elaborated on his proposals to strengthen the family farms in the U. S. in a speech before the National Grange Convention at Minneapolis, Minn.

Improve Services

"Strengthening the family farms" in the U. S., according to Brannan's speeches, means improving government services to farms owned and operated by farmers. Besides improving "government services" like farm credit and so on, these observers say Brannan means bringing in his price support changes.

At any rate, the observers say, whether or not Brannan is trying to rescue his plan by changing names, they are positive he is switching his selling approach from one of trying to pile-drive it to acceptance to a method of smooth subtlety.

But whatever political observers on the outside say, Brannan's associates assert that he will continue to push the principles of the farm program labeled "Brannan Plan" by his opponents.

Dog Saves Lives Of 28 College Boys

WASHINGTON, Nov. 20.—(INS)—Terry, a fox terrier, lost his life but saved 28 college boys from death during a three-alarm fire.

The little dog awakened his master, Mel Chrisman, 24, by barking when the blaze started to sweep through the Phi Sigma Kappa fraternity house. Chrisman and a roommate went through the building and got 26 fraternity brothers out safely.

Terry remained in his master's room waiting for permission to leave—he was found unconscious and attempts to revive him failed.

Given Share Of Huge Fortune

CHICAGO, Nov. 20.—(INS)—A grey-haired Chicago housewife plans to "give up cooking, because I never was good at it," but otherwise, "continue the quiet life of an ordinary person" despite an award of a $2,000,000 share of a huge snuff fortune.

Mrs. Constance Kretschmar Mock (of 1504 Cullom), declared to be one of two living heirs of Mrs. Henrietta Garrett of Philtdelphia, said:

"I'll get some new curtains and some other furniture. I'd like to see that my children are happy. And there are friends I'd also like to make happy.

"I hope that money does not make my life exciting, just pleasant. I am an ordinary person who has lived a quiet life and wants to continue to do so."

Mrs. Mock, mother of a daughter, Constante 26, and a 23-year-old son, Howard, a law student, is the daughter of the late Howard Kretschmar, a Chicago osteopath who was one of three first cousins of Mrs. Garrett.

The Philadelphia Orphans' court designated as rightful heirs Kretschmar, Herman A. Kretschmar of St. Louis and Johann Peter Schafer, former mayor of Bad Neuheim, Germany. All are now dead.

The second living heirs—Herman's nephew, Wilson Primm Kretschmar, a Greenville, Miss., banker—commented only that he is happy the long court fight over the huge estate is "shaping up at last."

The carat originally was based on the weight of the seed of the carob, a tree of Mediterranean region.

Report X-Ray Does Better Job In Cases Of Advanced Cancer

CHICAGO, Nov. 20.—(INS)—A group of San Francisco physicians reported today that contrary to prevailing medical opinion, x-ray does a better job of treating advanced, inoperable cancer than hormones.

Some 70 per cent of the patients they treated were spared the excruciating pain associated with the disease after x-ray treatment.

They said the relief lasted for from 50 to 100 per cent "of the survival time" of the patients, all of whom died of the dread disease.

On the other hand, patients given hormones showed more variable results.

From 40 to 75 per cent were freed of pain, but the relief did not last as long as that afforded by x-rays.

The report published in the current issues of the Journal of American Medical Association, was submitted to the committee on research of the AMA's Council on Pharmacy and Cheminstry.

It was made by Drs. Leo H. Garland, Milton L. Baker, William H. Picard, Jr., and Merrell A. Sisson of the Standard University Service of the San Francisco hospital.

Similar studies are being conducted by some 50 other groups throughout the U. S. and Canada.

Englishman Receives 49 Pairs Of Crutches

GREAT BEDWYN, Eng., Nov. 20. —(INS)—Norman Claridge, 27, applied to the National Health Service for a pair of crutches 18 months ago, and waited.

Several letters produced no results.

Then a truck pulled up to his front door and a deliveryman brought in a packing case.

In the case were crutches—49 pairs of them.

An inquiry showed 48 pairs were intended for a local hospital—one pair for Claridge.

Rev. Edwin Shoemaker Assumes New Duties At Pittsburgh Church

Rev. Edwin A. Shoemaker, some years ago, pastor of the Westfield Presbyterian church, North Beaver township, assumed his new duties Sunday as pastor of the Highland Presbyterian church, Pittsburgh, it is announced.

Rev. Shoemaker's fist pastorate was at the Westfield church, where he served for seven years. He served as a navy chaplain for four years, being mustered out as a lieutenant commander. He served from 1946 until recently as pastor of the Stone Presbyterian church in Wheeling, W. Va.

The former local man is a graduate of Grove City college, attended Princeton Theological seminary for two years and completed his course at Western Theological seminary where he graduated in 1935.

PICKET STORES

PITTSBURGH, Nov. 20.—(INS) AFL drivers today picketed three Pittsburgh department stores in a dispute about a $1,000 non-contributory health, death and accident insurance policy.

Settlement previously had been reached between Gimbel's, Horne's and Kaufmann's and Local 249 of the AFL General Teamsters whose members received a 2½ cents hourly pay boost.

The drivers also received a three hour reduction in the work week at no reduction in weekly pay. This made their work week 40 hours and amounted to an actual 15-cents hourly hike.

RAISE PRICES

MARTINSBURG, W. Va., Nov. 20.—(INS)—Martinsburg barbers today raised the price of haircuts to 85 cents for adults and 75 cents for children.

It was a ten-cents boost for adults and 15 cents for children. The 50-cents price on shaves was continued.

The Suez canal contains no locks, since it is at sea level and they are not required.

Plan To By-Pass Brannan Plan

Congress Leaders To 'Test' Legislation

WASHINGTON, Nov. 20.—(INS)—Administration leaders reportedly have agreed today to by-pass the Brannan farm plan in the first session of the 82nd Congress in order to "test" present farm legislation.

Sen. Anderson (D) N. M., former secretary of agriculture and powerful agriculture committee senator, predicted that Congress will maintain a hands-off attitude toward farm legislation passed in the 80th and 81st Congresses.

Anderson said he does not look for any major changes in the law, asserting:

"The new farm support law has not had its test yet. It should be tired out before we tamper with it."

There is virtually no talk of efforts to enact the Brannan plan next year—and some Democrats feel that it was responsible for Democratic defeats in some states during November 7 elections.

The plan advocated by Agriculture Secretary Brannan would allow farm prices to seek their natural level, with farm products selling on the open market. The government would then pay farmers the difference, if any, between market prices and a predetermined fair profit price.

However, a squabble over cotton acreage seems sure to be resumed in the next session of Congress.

In that controversy, Anderson, who comes from an irrigation state, is on the side of the western areas which have gone into cotton in recent years—and whose allotments are being challenged by the traditional southern cotton states.

Anderson said he will resist efforts of the "old" cotton states to take acreage away from California and New Mexico.

TRUSTEE ESCAPES

ERIE, Pa., Nov. 20.—(INS)—Pennsylvania, Ohio and New York police today looked for a 27-year-old trusty who escaped from Erie county prison about a month before he was eligible for parole.

Authorities said James Defoy of nearby Waterford was in the fifth month of a 6-to-12-month sentence for aggravated assault and battery.

He had been sent to sweep the courthouse parking lot yesterday and failed to return to the prison.

Dorothy's parents, George and Mae Olsen, and her sisters, Ruth, Florence and Evelyn, were fatally burned. (*International*)

World Federation Plans Are Stressed

PHILADELPHIA, Nov. 20.—(INS)—Harold E. Stassen, president of the University of Pennsylvania, said last night that thousands of Americans in the last six years have become believers in the wisdom of a world federation.

The former Minnesota governor told a United World Federalists, Inc., group that this kind of wisdom is a "very fine and useful thing and merely one proof that democracy is working."

Stassen said that in the last Congress a resolution was introduced in both the House and Senate declaring that the United States should seek the development of the United Nations into a world federation open to all nations.

Stassen said that such a federation would preserve peace and prevent aggression through "the enactment, interpretation and enforcement of world law."

Special Passes For New Enlistees

The U. S. Army and U. S. Air Force Recuriting Station, Post Office building, New Castle, announced that special passes are available over the Thanksgiving holiday for men enlisting in the U. S. Army or U. S. Air Force on the 21st and 22 nd of November. Men enlisting on these two days will be enlisted and then permitted to return from Pittsburgh until the evening of the 24th of November.

Cancer Death Rate Declines Sharply During One Year

HARRISBURG, Nov. 20.—(INS)—The Health department pointed hopefully today to reports showing the 1949 cancer death rate declined sharply in one year.

Dr. Leverett D. Bristol, chief of the cancer control division, said the 1948 index was 149.3 per 100,000 population while last year it had dropped to 140.9. In 1947, he added, it was 145.8.

For comparison, Bristol said that the number of deaths in 1906 totaled 4,208 while in 1949 there were 14,787 deaths.

"While it is too early to draw any definite conclusions," Bristol said, "there is a ray of hope that the high point or peak in the number of cancer deaths and death rates may have been reached in the year 1948."

In that year 15,668 persons died from cancer.

"Even though some further temporary increases later may be noted in 1950 and subsequent years," Bristol said, "evidence points to the suggestion that this great killer at least may be weakening and making its last stand against the united attack of all those forces fighting the disease."

St. Joseph's Group Officers Elected

Sodality of Our Lady of St. Joseph's church met in regular session recently and election of officers took place:

Prefect, Eleanor Klaber; vice-prefect, Madelon Reinhard; secretary, Dolores Alberico, and treasurer, Marlene Valiensi.

Father Edwin Hoppel opend the meeting with prayer. Minutes of the previous meeting were given. December 8, is announced to be the day of installation and reception of new members. Father Hoppel thanked all officers for their work throughout the year.

Winners of a project were announced, Mary Pagley and Christine Yannucci, and they were presented with gifts. Sodalists will attend the Holy Hour on November 26 at 3 p.m. in St. Joseph's church to be sponsored by the LCUS.

After business the social chairmen, Dolores Alberico and Mary Pagley, served refreshments. Entertainment followed: Mary Ann Weidner played the piano, Madelon Reinhard gave several vocal selections and Richard Galone played the accordian. Group singing brought the meeting to a close.

Margaret Cyphert Enlists In WACS

Miss Marget Mary Cyphert, 20, daughter of Philip and Clara Cyphert, R. D. 1, Volant, enlisted in the Women's Army Corps November 18, 1950, through the U. S. Army and U. S. Air Force Recruiting Station, Post Office building, New Castle. Recruit Cyphert has departed for Fort Lee, Va., where she will undergo basic training and then be eligible to participate in special schooling and technical training to prepare her for one of the many specialities open to women in the army.

Recruit Cyphert graduated from New Wilmington high school in 1949 and prior to enlisting in the WAC, had been employed by the Isaly Dairy company in New Wilmington.

Local Director Of YWCA To Lead Topic Discussion

At a sectional meeting in Pittsburgh on Tuesday, representing Western Pennsylvania and eastern Ohio, Miss Dorothy Stewart, executive director of the local YWCA, will lead a discussion on the subject, "The YWCA Relations with Community Fund."

During the past decade the YWCA and other agencies have been interested in learning more about the process of administration and particularly the role of the executive director in it. In 1946 at a national conference a study on the job of the executive director was conceived. This study is called Operation X and has been conducted along the lines of democratic research. Any executive director in the country could participate.

If she did, the director was to keep a record on any experience she chose. Ultimately the findings from these records and the principles involved will be compiled by Dr. Harleigh Trecker, consultant for the experiment. Dr. Trecker is a professor of social sciences at the University of Southern California.

At the conference tomorrow in Pittsburgh, the discussion will be an actual experience lasting over a period of months which an agency had with the Community Fund. Such discussions are definitely educational and make valuable contributions to the learning process, and pave the way for continuously improved relations in the social set-up of a community.

Report 2,815 Births In County In Year

According to figures announced by the Pennsylvania Department of Vital Statistics, there were 2,815 births in Lawrence County during 1949, and 1,011 deaths.

President Theodore Roosevelt received the first American award of the Nobel prize.

County Scouts Rank High In Membership

John Hough, chairman of the organization and extension committee of the Lawrence County Council, Boy Scouts of America, has announced that as of November 1, 1950, Lawrence county ranked seventh in percentage of increase in membership for the clurrent year among the 52 councils of Region 3. Region 3 is made up of the states of Pennsylvania, Maryland, Delaware, Virginia and the District of Columbia.

At a meeting of the Council's organization and extension committee held Friday night in the scout office, Mr. Hough requested all district organiaztion chairman to prepare their 1951 membership objectives which will be presented at the annual council meeting in January. In line with these objectives the committee has adopted the slogan "In Region Three Lawrence County Can Be One in 1951".

Tribute Given To Historic Address At Gettysburg, Pa.

GETTYSBURG, Pa., Nov. 20.—(INS)—More than 1,000 residents of Gettysburg joined in weekend tribute to the historic address delivered four score and seven years ago by President Abraham Lincoln.

A solemn audience at the National cemetery yesterday heard former burgess Fred G. Pfeffer recite the three-minute speech which Lincoln said the world would "little note nor long remember."

The ceremonies were preceded by a parade from Lincoln Square in the town to the space where Lincoln stood when he made his speech dedicating the National Memorial Park.

Dr. Henry W. A. Hanson, president of Gettysburg college, paid homage to Lincoln and cited the need for a man of Lincoln's stature today.

The Sons of Union Veterans Gettysburg camp sponsored the 87th anniversary rites.

'Dust Or Destiny' Film At Edenburg

Moody Bible Institute of Chicago, Ill., will present the film "Dust or Destiny" at the Edenburg Methodist church on Wednesday evening, November 22, at 7:30 o'clock. Rev. Merle Huffmaster will represent the Chicago school in presenting the sound color film.

The new Moody Science film revolves around the bat which furnishes the cameraman with proof that radar is the bat's secret guide to night flying. Other examples of oddities in the animal world are shown in the film which is the fourth in a series combining science and religion. Rev. Harry Johnson, pastor of the church, will be chairman of the service.

Heiress Returns To U.S. From Europe

NEW YORK, Nov. 20.—(INS)—Barbara Hutton Troubetzkoy resumed her residence in the United States today and planned eagerly for "going out a lot" because I am sick and tired of staying in bed."

The blonde ailing heiress, whose husband Prince Igor is in Paris, arrived in New York by plane from Lisbon yesterday and said, "I came home to see my doctor and dentist and to spend the holidays with relatives and friends. I'll be here a few months—perhaps until February.

"I've been bed-ridden for four and one-half years and I haven't been on a tennis court in all that time. I hope to play often during this visit."

She avoided discussing her earlier charge that the prince had married her for her five-and-dime fortune and said:

"To tell the truth, I have made no definite plans. I just want to see what happens, but I'm afraid there is no chance of a reconciliation."

Asked by newsmen and photographers at LaGuardia field how she preferred being addresed, the four-times married heiress said, "you may call me Miss Hutton".

Gambling machines took in more American money in 1933, a depression year, than in 1929, a prosperous year.

BEGGARS PAY

DELAWARE, O. — (INS) — The Hallowe'en "take" during Beggar's Night in Delaware is to wind up in the stomachs of European children. The youngsters of the city's top four elementary grades are turning over the fruits of their night's ghosting to the Red Cross with the exception, doubtless, of a few token tidbits for work done.

Eastern End Of Turnpike Opened Today

HARRISBURG, Nov. 20.—(INS)—One hundred miles of modern toll expressway were added today to Pennsylvania's turnpike system which will stretch ultimately from Ohio to New Jersey.

The $87,000,000 Middlesex-King of Prussia link in eastern Pennsylvania was thrown open to America's motorists and truckers at 7 a. m.

The new section links with the original section of turnpike at Middlesex near Carlisle and offers a four-lane divided highway running from King of Prussia near Philadelphia to Irwin in the Metropolitan Pittsburgh area.

The $71,000,000 Middlesex-Irwin link was opened in October, 1940.

The eastern extension was officially dedicated by the Pennsylvania Turnpike Commission October 23 but motorists were forced to wait until today because cleanup construction work had not been completed.

The PTC now will concentrate on building the section of turnpike which will reach from Irwin to the Ohio state line in the vicinity of Petersburg, O.

The commission has announced plans for extending the eastern turnpike from King of Prussia to the Delaware river where it will connect with New Jersey's expressway via a bridge to Bordentown area.

The PCT contemplates building extensions to Erie and Scranton at some future date.

Big Thanksgiving Day Dinner Planned At Camp Atterbury

CAMP ATTERBURY, Ind., Nov. 20—(INS)—Thanksgiving Day dinner for soldiers of the 28th Infantry Division at Camp Atterbury will cost the Army nearly four times what it generally spends for a soldier's chow.

The menu, prepared by the division quartermaster, calls for an expenditure of $1.20 per man, compared with the normal cost of about 35 cents per man.

Mess sergeants have ordered 10 tons of turkey, 4,500 pounds of lettuce for Waldorf salads, 2,790 pounds of shrimp cocktail, 6,300 pounds of potatoes, 1,260 pounds cranberry sauce, and 40,000 Parker house rolls with 600 pounds of butter.

Side dishes will include 20,000 celery stalks, 90 gallons each of green olives and sweet pickles. And there will be thousands of oranges, bananas, pears and bunches of grapes for the soldiers to feast on.

Desert calls for 3,500 pumpkin pies and two tons of assorted candies. For those still interested in eating, the quartermaster will serve turkey soup and turkey sandwiches for the evening meal.

PROGRESS HURTS

CEDAR VALE, Kan.—This Kansas town is feeling a peculiar pinch of progress. The water department faces a deficit operation because the Missouri Pacific Railroad decided to put in diesel engines in place of steam locomotives. That took away the town's largest water customer. The railroad's bill had averaged almost $75 a month.

The first watches were made in Nuremburg, Germany, in 1477.

Phone Strike Comes To End

Agreement Reached To End Strike Sunday

NEW YORK, Nov. 20.—(INS)—Thirty-three thousand telephone workers who won wage increases in a ten-day strike returned to their jobs today but their CIO union warned that picket lines will be re-established "if the company attempts any discrimination."

The Communications Workers of America referred particularly to Long Lines Telephone Operators who, while not on strike, had refused to cross picket lines of the installation and equipment workers.

The 43-state strike came to an end in negotiations in New York and Detroit yesterday between the union and two subsidiaries of the American Telephone and Telegraph Company conducted under auspices of federal mediators.

Sixteen thousand workers employed by the Western Electric Company obtained a 15-months contract providing for wage increases of from 9 to 14 cents an hour and other benefits. The previous wages were $1.55 to $1.62 an hour.

Long Negotiations

That phase of the dispute was settled in New York after 25 hours of continuous negotiations.

In Detroit, an agreement signed with the Michigan Bell Telephone Company in behalf of 17,000 other strikers provided for wage increases of from $3 to $7 emboided also in a 15-month contract.

One problem arising from the strike still has to be settled, whether New York Telephone operators who refused to cross the picket lines are entitled to unemployment insurance. Union attorneys will meet today to plan an appeal before a state insurance referee.

Settlement of the strike, which had impaired non-dial telephone service in some areas, was hailed by C. C. Randolph, personnel director for Western Electric, as "fair to both the company and the union."

Ambassador To Paraguay Named

WASHINGTON, Nov. 20.—(INS)—President Truman has named Howard H. Tewksbury, a foreign service officer for 30 years, as United States ambassador to Paraguay.

Tewksbury, an authority on Latin American affairs, succeeds Ambassador Fletcher Warren, who in September, was appointed director of the office of South American Affairs in the State department.

A native of Westboro, Mass., he has been deputy director of the Office of South American Affairs. His last assignment abroad was as consular for economic affairs in the U. S. Embassy at Buenos Aires. He will sail for his new post in Paraguay December 7.

Finland was part of the kingdom of Sweden from 1154 to 1809.

Folks Of Fame

Walter S. Gifford was born at Salem, Mass., Jan. 10, 1885. He is a graduate of Harvard college, and has degrees from several other universities. He was assistant secretary and assistant treasurer with an electrical company in New York, then chief statistician for the American Telephone & Telegraph Co. He became in succession vice president, executive vice president and president of the organization. He has served in official capacities on many boards of philanthropic organizations. He is author of three books—"Does Business Want Scholars," "Can Prosperity Be managed" and "Pensions, Charity and Old Age". Recently he was appointed ambassador to the Court of St. James, England, by President Harry S. Truman.

Edmond Rostand, the French dramatist and poet, was born at Marsailles April 1, 1869. His first play was a burlesque, "Les Romanesques," and was produced May 21, 1894. The following year his "La Princesse Lointaine" was produced with Sarah Bernhardt originating the part of the heroine. The production of his heroic comedy, "Cyrano de Bergerac" in 1897 was a triumph. No such enthusiasm for a drama in verse had been known since the days of Victor Hugo. "L'Aiglon" and "Chantecler" were later successful plays. During World War I, he wrote chiefly patriotic verse. He died in Paris on Dec. 2, 1918.

Try And Stop Me

By BENNETT CERF

Frank Sinatra was invited to lunch one day with the big shots in the MGM executive dining room. He reported later that the conversation had shifted ever so briefly from inevitable shop-talk to the subject of self-control. One producer—Sinatra disguises him under the name of Brown—asserted boldly, "I haven't touched liquor, played cards for money, or bet on a horse race in 20 years." "Gosh," interjected Sinatra, "I wish I could say that." "Why don't you?" urged L. B. Mayer. "Brown just did."

An English teacher in our nation's capital asked a new student, "What do you know about Keats?" The student scratched his head ond replied, "Please, teacher, I don't even know what they are."

Man Receives Sentence For 'Walking Away' From U.S. Marshals

WASHINGTON, Nov. 20.—(INS)—Bennie Melvin, 36, today began a six to 24-month sentence for "walking away" from U. S. marshals in October, 1947.

Melvin, who was recaptured recently, explained that he "lost" his custodian en route to the bond clerk's office in municipal court and "thought" he was free to leave the building.

IT'S 8 WAYS [COUNT THEM] WITH WONDER BREAD

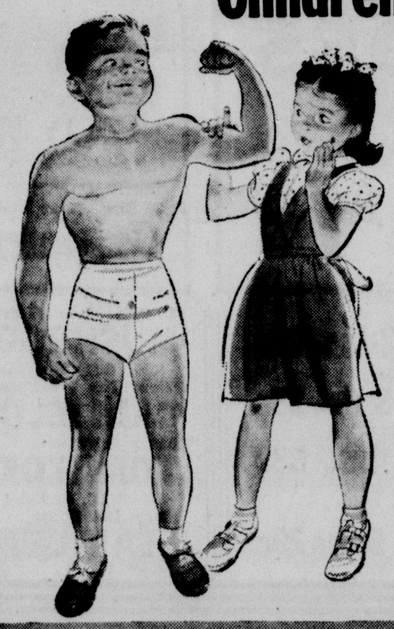

To Help Keep Your Child From Slipping Behind in Healthy Growth!

2 Slices a Meal and a Sandwich Daily Supply:

TO DOCTORS: *Evidence supporting statements above sent upon request on your letterhead.*

Because Wonder Bread Helps Supply 8 Elements Children Need To Grow Bigger and Stronger 8 Ways

Note How Amazing Wonder Bread Compares With Meat, Milk, and Fish 8 Ways (as shown above)

365 days a year, 3 times each day—every mother is faced with this simple proposition: My child must eat enough of the right foods today—or slip behind in the race.

This group of common foods supplies ALL the essential food elements your child needs 365 days a year: Meat, milk, bread, fruit, yellow and green-leafed vegetables.

Thus, these are the foods you will want to give your child.

Good for Growth and Energy

As shown in the chart, Wonder Bread is very valuable—because it helps your child grow bigger and stronger 8 ways.

Growing children need TWICE the protein per pound of body weight as grownups.

Penny for penny, Wonder Bread gives your child more body-building protein than the average of meat, milk, fish and eggs.

Growing children require energy for work and play.

Wonder Bread is a substantial energy food. More quickly converted into energy than fat. And better in protein for child growth.

Helps Build Stronger, Bigger Bodies 8 Ways

The chart shows the 8 body and brain-building properties of Wonder Bread.

Serve Wonder Bread with meat, fish, eggs, milk, fruit and both yellow and green-leafed vegetables in a balanced diet to supply ALL the food elements your child must have for healthy growth.

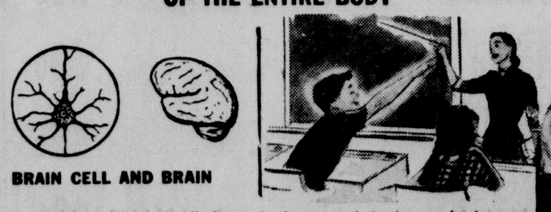

8 ounces of Wonder Bread for a growing child cost less than a dime a day. You can afford Wonder Bread for your child.

Doubly Fresh

Children love Wonder Bread. Plain or toasted. Because Wonder Bread is doubly fresh—fresh when you buy it; fresh when you eat it. Because slo-baked—13% longer than many ordinary kinds for lasting freshness.

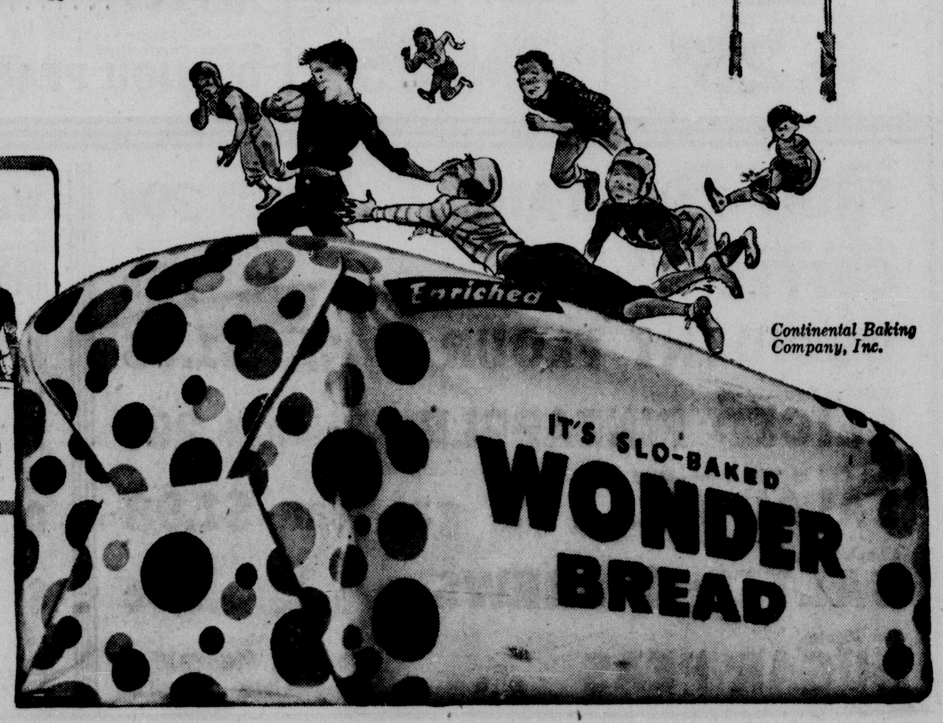

Get economical Wonder Bread fresh from your grocer today—you'll be glad you did.

THE FATE OF THIS CELL IS OFTEN THE FATE OF THE ENTIRE BODY

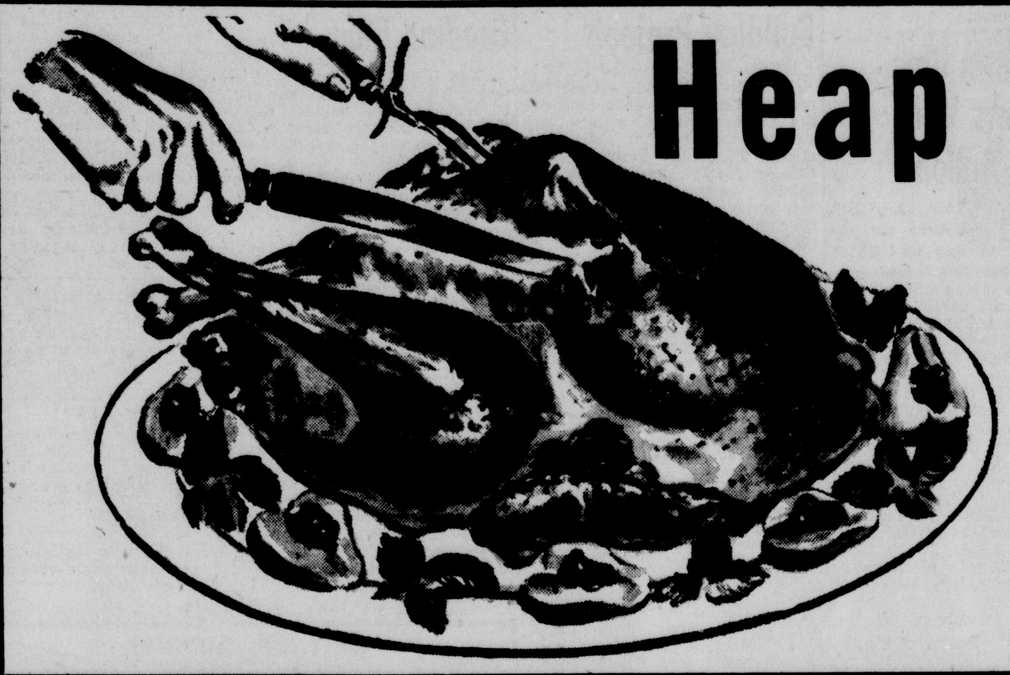

BRAIN CELL AND BRAIN

One of the 6 types of cells in cerebral cortex of the human brain . . . which contains a total of some 15 billion cells. A principal factor in cell life and development is protein. Thus, in life, nothing is more important than the quality of the food we eat.

"IF IT'S GOLDEN DAWN—IT'S GOOD"

Germans Differ On Indications Of Vote On Sunday

By TOM AGOSTON
(I. N. S. Staff Correspondent)

FRANKFURT, Nov. 20 — West German Socialists today hailed their victory in parliamentary elections in two states as a rejection of the Bonn government's policy for rearming Germany to take part in the anti-Communist Western Defense force.

But Chancellor Konrad Adenauer immediately took sharp issue with the Social leaders and declared the voters "had no intention of deciding this important issue."

In the election yesterday for seats in the Parliaments of two states in the U. S. occupation zone, the Socialist Democrats, under the leadership of Kurt Schumacher, campaigned vigorously against remilitarization of Germany to take part in the proposed Western Defense Army. Schumacher urged instead an increase in the U. S. occupation forces.

Political observers pointed out that the vote was by no means decisive since Bavaria—the largest state in the U. S. occupation zone—does not vote for Parliamentary seats until next week.

In the state of Hesse, whose biggest city is Frankfurt, the Socialists gained nine seats for a total of 47 while Adenauer's Christian Democratic Union lost 16 seats while holding on to 12.

In the state of Wuerttemberg-Baden the Socialists picked up three seats for a total of 35 while the Christian Democrats lost eight seats while winning 31.

Expect Farm Bloc Lawmakers Will Approve Action

WASHINGTON, Nov. 20.—(INS)—Farm bloc lawmakers are expected today to line up behind a proposal that huge food surpluses of the Commodity Credit Corp., be tapped to avert famine in Communist-dominated Yugoslavia.

Sen. Fulbright (D) Ark., endorsed President Truman's program of aid to the Tito regime but said the needed food should be taken from CCC surpluses.

Fulbright said th CCC has millions of pounds of dried eggs and butter that could be used. He declared that it is "important to help Marshal Tito for if he fell, Yougoslavia would come under the domination of Moscow."

Tito has split with Moscow but a food scarcity is threatening his regime.

Farm bloc members of the House and Senate have tried in the past to divert CCC food surpluses for the European recovery program. The administration, however, has fought off attempts to connect the two enterprises.

HEADS HEART FUND

HARRISBURG, Nov. 20.—(INS)—Franklin Moore, Harrisburg hotelman, today was named state chairman of the 1951 heart fund by President A. B. Fuller of the Pennsylvania Heart Association.

The campaign will raise funds to finance research into heart ailments.

Two Bids For New Building Projects

When council convened today in city hall two bids were opened and read by City Clerk Jack Fritz for the construction of a new city streets building in Shenango street. The bids were: Andrew Pfhales $24,930, and New Castle Duntile company, $26,154. The bids were referred to City Engineer John Street for checking and report.

The city plans to remove the Taylor street building now used by the street department and also a steel building at Deshon village, move them to and set them up on a foundation. A concrete structure is to be built to connect the two buildings in Shenango street.

Attend Services For R. A. Nagel

Among those from out-of-town who attended the funeral services Saturday for Ruben A. Nagel, New Galilee, from the Marshall funeral home were the following: Mayor David A. Lawrence, Pittsburgh; W. E. Habbyshaw, chief clerk in the House of Representatives, Harrisburg; Rep. Filo and Rep. Brandon, both of Allegheny county; Rep. Hamilton and Rep. Smith, both of Beaver county; Rep. Moore, Butler county; and Samuel G. Neff and William McCullough, both of Lawrence county.

BOY SCOUTS

Boy Scout Troop 26

Members of Boy Scout Troop 26 met Thursday and decided to hold a Thanksgiving party November 21.

Preceding the party a short program will be held.

Open Sewer And Grading Bids

Council met Monday in city hall where City Clerk Jack Fritz opened, and read bids on the proposal to build a sanitary sewer in, and grade Ryan avenue. The bids were as follows:

New Castle Duntile company, $4,418; Sylvester Bros., $3,052.10; John D'Orio, $4,612.40, and Kane Bros., $3,516.60.

The bids were referred to E. Gene Schweinsberg, head of the streets department and Engineer John Street for checking and a report.

CHARGED WITH STABBING

YORK, Pa., Nov. 20.—(INS)—Mrs. Mabel R. Smith, 23, of York, is in the county jail today charged with fatally stabbing her 32-year-old husband during an argument over an adopted child.

Assistant District Attorney Morton Kagen said the woman admitted stabbing her husband, Charles, in the chest with an eight-inch butcher knife during the argument over the child staying overnight with friends.

DRAGS MAN FROM AUTO

HUMMELSTOWN, Pa., Nov. 20.—(INS)—William J. McCorkle, 28, of Altoona, R. D. 2, burned both hands dragging Joseph Tanner, 38, from their blazing automobile yesterday near Hummelstown.

Tanner, also of Altoona, R. D. 2, has a paralyzed leg. Police said he was not burned.

STEAL LEATHER JACKET

Report was received by police that a leather jacket owned by W. I. Hemming, 334 East North street, was stolen while he played basketball Saturday morning at Senior high school.

RANSACK AUTO

E. B. Cassacchia of Taylor street, reported tools and garments were stolen from his car November 19, night, while his auto was parked at that address.

BITES NOT FATAL

Denver (SF)—Human beings seldom die from snake bites because the venom injection is not usually large enough to prove fatal.

RIVER FLOW

Rio de Janeiro (SF)—The Amazon river empties into the Atlantic ocean at the rate of 5 million gallons a second.

Lakers Defeat Royals, 90 To 77

(By International News Service)

There's no doubt about it—the champion Minneapolis Lakers are regaining last year's form— and the other teams in the National Basketball Association had better watch out.

The Lakers stand only one half-game behind the leading team in the Western Division, the Tri-Cities Blackhawks, by defeating the Rochester Royals last night, 90 to 77.

Mikan Gets 23

George Mikan led the Minneapolis attack with 23 points.

Washington moved out of the Eastern Division's cellar, upsetting the first place Boston Celtics, 81 to 75.

The Syracuse Nationals stopped the New York Knickerbockers, 97 to 83, in a game which saw 76 fouls called—46 against New York.

At Moline, Ill., the Tri-Cities Blackhawks slugged the Indianapolis Olympians, 104 to 81, and the Fort Wayne Pistons edged the Baltimore Bullets, 84 to 80.

Barons Assume League Lead

(By International News Service)

The Cleveland Barons believe in doing things in a hurry, especially when the leadership of the American Hockey League's western division is at stake.

The Barons whipped in three goals within four minutes of the third period to trounce the Flyers, 5-2, in St. Louis last night and gain undisputed possession of top spot in the west.

The Buffalo Bisons, trying to keep ahead of the dangerous Hershey Bears, beat Springfield, 7-4, while Hershey lost to New Haven, 5-3.

The Cincinnati Mohawks, who trail the Barons in the western division, were whipped by Providence, 6-3, and Indianapolis won its fifth game of the season, 4-2, against Pittsburgh.

Red Wings Tie With Rangers

The Detroit Red Wings, last year's Stanley Cup winners, are only one point out of first place in the National Hockey League today.

The Wings tied the New York Rangers last night, 3-3, but encountered a little more opposition than expected.

The Boston Bruins recorded their first victory on home ice last night, defeating the Toronto Maple Leafs, 3 to 1.

The Montreal Canadiens moved into third place as they shut out the Chicago Black Hawks, 3 to 0.

Baltimore Colts Sale Discussed

BALTIMORE, Nov. 20.—(INS)—The board of directors of the Baltimore Colts meets today to discus ssale of a controlling interest in the team, but radio-television star Arthur Godfrey is not in on the deal.

Reach by telephone in Miami, Fla., Godfrey denied rumors that he was negotiating through Washington attorney Leo Reorsey for buying part of the pro eleven which has won only one game in the National league this season.

Miss Shirley Urban Given Scholarship

Miss Shirley Mae Urban, senior at Thiel college, Greenville, Pa., has been chosen first recipient of the $300 scholarship offered by the Lutheran Brotherhood Insurance society to outstanding students in 28 accredited Lutheran colleges in the United States.

Miss Urban has been a leader in religious and other extra curricular enterprises on the campus. She was selected to represent the Pittsburgh Synod in behalf of the CHEY drive.

He is attached to the Air Force, and is stationed at Tinker Field, Oklahoma City, Okla. Sgt. Riley has been in the Air Force for eight years, and likes the service. He was stationed in Panama for four years, and was transferred to Oklahoma about one and half years ago.

WITH NEW CASTLE AFRO-AMERICANS

C. S. C. Club members will gather in the home of Mrs. Claudia Lowe, 17 South Front street, Tuesday evening at 8 o'clock. The last meeting was with Mrs. Helen Morris when Mrs. Lillian Gaither was honored with a hanky shower.

DRIVER IS HELD

Eugene A. Hagan, Denver avenue, was arrested by Policeman Jack Llwellyn at 10 p.m. Sunday, at South Mill and Maitland streets, following an auto accident.

John Phillips, West North street, reported Hagan drove a car in the wrong lane of traffic and struck his auto.

After an examination Hagan was held on a charge of driving an auto while intoxicated.

Teen-Agers Steal Toys From Plant

Police headquarters had an appearance of being a toy shop today, because nine teen aged boys looted the Roberts Manufacturing plant in Sampson Street of Christmas toys, such as dump trucks, cranes, mowers, truck beds and other toys.

A woman telephoned police and Policemen Tewell and Davis apprehended the boys and recovered the toys from several yards in Sampson Street.

The boys were sent by city police to the county detention home.

CARS IN WRECK

Automobiles operated by Charles Nelson, Morton street, and John Zajac, Terrace avenue, collided at Morton and East Washington streets at 10:10 a. m., Sunday. According to a police report, Zajac attempted to pass Nelson's car which was being steered into Morton street.

Five Major College Football Teams Remain Undefeated

Bowl Bids Will Start Flying To Four Teams

By HOWARD SIGMAND
(International News Service Sports Writer)

NEW YORK, Nov. 20.—The annual pre-Christmas wrapping of conference titles and the protocol of extending formal New Year's bowl invitations becomes a prominent part of the social calendar this week and next when the regular college football season bows out.

There is a little matter of dispensing with what's left of the schedule, of course. But the shape of things to come is far from fogged.

Army, Oklahoma, Kentucky, Princeton and Wyoming are the big guys in the parade of 24 national unbeaten-untied elevens.

The little fellows are headed by the likes of Lehigh and Loyola of Los Angeles.

Three Titles Cinched

Three conference crowns are cinched and six are pending. Action Thanksgiving Day and Saturday could settle the whole thing.

It looks like California and Illinois in the Rose Bowl and the Cotton Bowl pickers are searching around for an opponent for once-beaten Texas, champions of the Southwest Conference.

The likely bowl candidates are Oklahoma, Kentucky, once-tied Miami of Florida and Clemson, once-beaten Nebraska, Tennessee, twice-beaten Vanderbilt, Southern Methodist, Rice, Alabama, Maryland and Tulane.

Illinois Provides Upset

Illinois provided the big news over the past weekend by upsetting vaunted Ohio State, 14 to 7. The Illini can cinch a Pasadena trip by taking Northwestern Saturday.

Ohio State can wrap up the conference title with a win over Michigan.

Should the Buckeyes bow to Michigan, 34 to 23 conquerors of Northwestern last week, and should Illinois take the Chicagoans, the conference title will go to the Illini.

Texas cinched its host role at the Cotton Bowl and its conference crown by beating Texas Christian 21 to 7, while Rice upended Texas A. & M. 21 to 13.

Kentucky vs Tennessee

Kentucky, which goes up against Tennessee Saturday, copped the southeastern honors by bombarding North Dakota, 83 to 0. Alabama helped by smashing Georgia Tech, 54 to 19.

Tulsa won the Missouri valley crown by whipping Wichita 48 to 0.

If everything goes according to form, Princeton and Penn will wind up tied for Ivy league honors. The Tigers have to deal with Dartmouth and Penn has Cornell to consider.

Army Wins 7-0

California and mighty Army had rain troubles on the Pacific coast. The Cadets eked by Stanford, 7 to 0, to run their string to 28 games without a loss. The Berkeley Bears got by San Francisco, 13 to 7.

Army rests this week in preparation for Navy, but California plays Stanford. A win for Pappy Waldorf means the "undisputed" Pacific Conference title. His Bears already have cinched their third straight Rose Bowl bid.

Sooners Win 29th

Oklahoma ran its victory skein to 29 straight with a 41 to 7 win over Missouri. The Sooners can ice the Big Seven crown with a Saturday win over rough Nebraska, 20 to 13 victor over Iowa State.

Wyoming's worst fate in the Skyline Six could be a tie. The Cowboys can end all the worrying by getting by Denver Thursday. Wyoming wasn't scheduled last Saturday.

Washington and Lee gets a chance to take the Southern Conference title when it plays Richmond on Thanksgiving Day. The Generals took Louisville, 33 to 28.

Little Lehigh completed its first unbeaten season in 67 years by whacking Lafayette, 38 to 0.

Lehigh Expects 1950 Bowl Bid

BETHLEHEM, Pa., Nov. 20. —(INS)—Lehigh University offiicals today studied the possibility of a post-season game for the engineering school's first undefeated and untied football team in 67 years.

The university reportedly already has received "feeler" from the Sun Bowl, El Paso, Tex.; Cigar Bowl, Tampa, Fla., and the Tangerine Bowl, Orlando, Fla.

The officials remained silent, but sentiment on the part of players, coaches, alumni and students seems overwhelmingly in favor of a post-season game.

Don't Shoot Before 9 A.M. November 27

Do not shoot at a doe before 9 a.m., Monday, November 27. If one does, and a game protector is near, the hunter will be arrested and upon conviction fined $15, and costs. However, on the next day of doe season, which is Tuesday, November 28, the hunter can bang away at 7 a.m.

Buck season comes in November 29, at 7 a.m., according to Deputy Sheriff Thomas O'Brien who issued the timely warning today.

Complete Plans For Bomber-Cub Clash Thursday

Plans have been completed for the big Thanksgiving Day football game between the DeCarbo Bombers and the strong Butler Cubs to be played at Butler. The game will begin at 2:30 p. m. instead of 2:00 in order to give the fans time to finish their Thanksgiving turkey dinner, and still get to the game on time.

Both teams have in their lineups, players who have done battle against each other in high school and this game will serve as a renewal of old high school rivalry.

Coach "Tip" Richards of the Bombers has been sending the squad through daily workouts at Deshon field and will have the boys in top shape for the Turkey Day encounter. The boys have had a long lay off since the Massilon game and are putting forth all their efforts in hopes of dumping the Cubs.

Cubs Favored

The Cubs will be favored over the Bombers in that they are more seasoned and have played a greater number of games to date. Their season record stands at 6 wins and 4 losses, having defeated Hays A. C., Mars Vets, Baltimore (Md.) Bears, Kittaning K. I., and Ellwood Boltbusters twice, while losing to Sto-Rox Cadets twice, Johnsonburg Shamrocks and Shaler A. C.

The Bomber record is two losses without a win, having lost to the Meadville Zippers and Massilon Chevys.

Interest is high both in Butler and New Castle and it is expected that a large delegation of New Castle fans will be on hand to witness the Bombers in action. Butler has sent 300 tickets for local distribution and they can be obtained by calling Nick George, phone 1781-W.

Coaches Richards and Rousso announced that workouts will continue through Wednesday at Deshon field beginning at 4:30 p. m.

Meeting of all players will be held tonight at Tempy's Beach beginning at 7:30 p. m.

Umpires Enjoy Annual Banquet

Hear Speeches At Sunday Fete

Forgotten for the moment were balls and strikes, safe or out, as 25 men, members of the Lawrence County Umpires association and a few invited guests sat down Sunday to a well laden banquet table and enjoyed an evening's evening of good fellowship.

It was the 23rd annual dinner held by the senior umpire group in the county. It numbers among the best ever held. Spaghetti and fried chicken disappeared fast as the men satiated their appetites.

Sheriff Coen Toastmaster

Following the serving of the dinner Sheriff Frank Coen assumed the role of toastmaster and in his own inimitable fashion kept the men in an uproar with his ready wit and "tall" stories.

Called on for short talks were the following: Howard Rodgers, president of the North County Baseball league; William F. DeCarbo, well-known local undertaker; Attorney Frank Moretti, business manager of the New Castle Senators; Charles "Bugs" Walther, News sport writer, and Albert "Jabby" Conti, president of the umpires, who during the course of his talk said that he will not be a candidate for re-election at an organizational meeting called for December 4th. Conti thanked the men for their splendid co-operation during his term in office.

The banquet ended on a note of complete harmony and the men in blue are anxiously awaiting another big baseball season.

Reports Leahy To Quit Irish

Will Become Coach Of Los Angeles Rams

LOS ANGELES, Nov. 20.—(INS)—Vincent X. Flaherty, sports columnise for the Los Angeles Examiner, said in a copyrighted story today that Frank Leahy will quit Notre Dame at the close of the current season to become head coach and stockholder of the Los Angeles Rams.

Joe Stydahar presently is head coach of the Rams, victors yesterday over the New York Yanks, 43 to 35, in a bitterly fought game to preserve their lead in the National Football league's National Conference.

Flaherty wrote that "Leahy is scheduled to announce his resignation at Notre Dame's meeting with Southern California in Los Angeles one week from this Saturday."

HERE and THERE IN SPORTS LAND

By ED BANG
Sports Editor, Cleveland News

YOU KNOW WHAT I would do if I were a young laddy-buck of 18 or 19, weighing about 185 pounds, standing 6 feet 2 inches, and still growing, and there were no war clouds? Well, I'd hie myself out to Las Vegas, Nevada, look up Jimmy Dunn, former Clevelander (and New Castleite) and say to that bald pated individual: "I want to become heavyweight champion of the world."

What's more to the point, I would tell Jimmy he could be the boss from the very start and I would not only agree but respond to his every suggestion. And I would hew to the line for actually I could vision a tremendous purse of gold at the end of the hit and miss rainbow.

(Bang goes on to recite the earnings of Dempsey, Tunney, and Louis, three stand-outs of the past three decades, all of which became millionaires. He also tells of the earnings of Sharkey, Max Baer, Carnera, Braddock, Willard and several others.)

Look over the current crop of heavyweights. Can you visualize a single one ever rising to the estate of a Dempsey, Tunney or Louis? Neither can I. That being the case, the fans will have to take the heavies as they come or leave 'em.

(Bang says that Dunn, while east, visited him where they discussed his fight at Sharon with Abe Attel. At that time Bang was sports editor of the Youngstown Telegram. The fight was a draw.

(Dunn then told how he got hold of Johnny Kilbane whom he piloted into the featherweight championship. Dunn, according to Bang, regarded the late Carl Tremaine as his second best fighter, after which Dunn explain: "Had Paul Kohler lived, I believe he would have made ring history because he went against the best in his early career and gave a good account of himself, even against Willie Ritchie in a Cleveland bout".)

I have always considered Dunn the master of them all in teaching the technique of boxing skill, feinting, foot-work and solid punching, just as I rate Paul Brown, Number 1 coach in the football firmament, and I hope he gets his chance to develop a youngster who might blossom into a Dempsey, Tunney or Louis.

Before leaving Dunn told me: "You know, Ed., me and Arthur McBride (owner of the Cleveland Browns) have always dreamed of bringing along a stand-out heavyweight. You know, how 'Micky' loves the fight game. He has told me repeatedly he will finance a good prospect under my training over a period of three or four years because he thinks I can produce the finished product. 'Micky' feels the same way today, and by gosh, Ed., so do I."

When Dunn visited Here & There several weeks ago he said there were no outstanding fighters any more and, harkening back a year or more ago, he predicted Ezzard Charles would defeat Joe Louis. In our fight book, he is the outstanding boxing teacher and handler of boxers of today. Despite his three score or more years he is yet agile, mentally alert, and here's hoping he finds a big fellow who has brain, brawn, size and ambidexterity of feet and hands, plus courage.

Carnegie Tech Trims Titans In Finale 20-0

Once-beaten Tech added a seventh victory to its string Saturday defeating Westminster college 20-0 on the Titans' home field.

The contest was the season's finale for both teams. It gave the Tartans their best season since 1938 and left the Westminster eleven with a two-win, six-loss and one-tie season.

Tech scored late in the first period and the freshman-studded Westminster eleven was never in the running after that. Westminster's only threat came in the final period of play when two Titan chances were thwarted by the Plaid, one a pass interception by the Tartans on their own three yard line. Another drive was halted on downs on the Tech 21 yard stripe.

Take Early Lead

Tech took a six point lead late in the first period on an 81 yard drive from their own 19 yard stripe. Halfback Nick Simcic set up the scoring opportunity with two long end sweeps going for 25 and 26 yards each. Arne Oberg and Augie DeGiovanni brought the ball up to the three yard stripe on a series of hard line plunges where DeGiovanni hit center for the score.

The second Tartan score came midway of the second period when Westminster attempted a pass deep in its own territory. The ball was fumbled and center Charles Fuellgraf recovered for Tech on the Westminster five yard line where Oberg plunged over on the second play from scrimmage for the score. Gilbert Dissen converted to make the score 13-0.

Following an evenly matched third period, Tech came back midway of the final period for its third touchdown. Starting from their own 21 yard line, the Tartans stuck to a ground attack to bring the ball to the Tartan 16 yard stripe where quarterback Quentin Holtz passed to halfback John Luchok on the Westminster six. Oberg and Simcic moved the ball up to the two yard line where Simcic crashed over to score. Dissen added the extra point.

Elliotts Vs. Ellwood Wednesday Night

Elliott Steelers lost two of three bowling matches against the Laris team at Ambridge last week. Wednesday night they'll roll against Ellwood City at the Castle alleys. Elliotts and Ellwood City are tied for first place in the Tri-County Women's league.

K. Pulaskis Will Stage Workouts

Coach Teddy Kolcz of the K. Pulaski "Big Five" has announced the team will have two workouts this week, Tuesday and Friday, at eight o'clock. All candidates are asked to report. The season will start next Tuesday, Nov. 28.

Baseball, therefore, is being geared for an overnight return to the gaudy, bawdy of '44-'45 when the spavin became an occupational token and age a positive boon.

Los Angeles Rams Roaring To National League Title

By JOHN BARRINGTON
(I. N. S. Sports Writer)

NEW YORK, Nov. 20.—Operation championship, as executed by the Los Angeles Rams, can be achieved best through the simple expedient of getting there fustest with the mostest.

The Rams are roaring to the National division title in the National Football league today because their best defense has been a tremendous offense.

Their 43-to-35 triumph over the New York Yanks Sunday gave the Californians a hold on top spot with an 8-2 record. The Rams have scored a total of 396 points in 10 games and how much closer to 40 points a game can you get? They can end it all next Sunday.

Great Offenses

A Yankee stadium crowd of 32,673 was treated to one of the greatest offensive duels ever waged in the NFL. The teams set a new record for total yardage with an aggregate of 1,133.

Bob Waterfield and Dick Hoerner shared the offensive honors. Waterfield connected with 21 of 37 passes for 248 yards. For one touchdown and set up another. And Jane Rusesll's husband had an actvie toe with four conversions and three field goals, the last being the game's clincher.

Hoerner, the 220-pound fullback, cracked over for three touchdowns, one on a scintillating 64-yard gallop.

Bears Trip 49'ers

The Yanks dropped to third place, behind the Chicago Bears, who were 17 to 0 victors over San Francisco. Los Angeles can clinch their division title with a win Sunday over these same Bears.

The Bears did all their scoring in the first half to gain their seventh win in nine starts.

Cleveland stayed atop the American division with a come-from-behind 20 to 14 victory over the Hapless Washington Redskins.

But the defending titlist Philadelphia Eagles fell to third place when they were upended, 14 to 10, by the Chicago Cardinals. The windy city boys wrapped the game up in the third quarter when Don Paul returned a punt 82 yards for a touchdown.

Giants-Lions Win

The New York Giants moved "lone" in second place with a 55 to 20 win over the Baltimore Colts. The giants spotted the Colts 20 points and then Steve Owen had his boys "change horses" again. They abandoned the single wing in favor of the T and it paid off. The week before the Giants went back to the "A" and scored 51 points.

Doak Walker scored all his team's points as the Detroit Lions downed the Green Bay Packers, 24 to 21. Walker scored three touchdowns, boosted all the extra points and got himself a field goal.

New Castle Meets Evans City Club

The New Castle Rifle Club will have a league match tonight at the Mahoningtown range with the strong Evans City Club, it was announced by Secretary Paul Carrigan.

Umpire Charley Berry Principal Speaker At 28th Annual County League Banquet

Lawrence County Baseball League players, managers, officers and friends gathered Saturday evening in the St. Monico's church in Wampum for the 28th annual league banquet.

Guest speaker for the evening was Charley Berry, American League umpire, professional football official, ex-football coach, ex-football player and former Major League catcher.

Other guests of note at the meeting were Wampum burgess Frank Miles, George Cook, president of the Wampum school board; Sheriff Frank L. "Jewey" Coen, Dr. Joseph Hartman, and Bill Andrews.

Introduced were league president Alex Samuels, Harry Reith, Bernie Hanlon, County Commissioner "Jokie" Travers, Charles "Bugs" Walther, Charles Moser, and Art Alexander.

McFate Toastmaster

Mr. Samuels was chairman of the meeting and called upon Father Peluse, of St. Monico's church, to give the invocation. Attorney Joseph R. McFate acted as toastmaster and introduced the guests.

Mr. Berry spoke mainly on baseball, telling interesting anecdotes about players in the big time. He finished with a few words of encouragement for the ball players in the district.

He told interesting stories about "Bing" Miller, Red Jones, Joe DiMaggio and others, including himself. He told about the incident in Cleveland when Steve O'Neill was presented with field glasses and about the incident—also in Cleveland—when Aaron Robinson failed to tag the player coming in, thinking the man was forced, enabling the Indians to score the winning run.

Umpire Berry explained that the popularity of baseball in this country is due to the fact that anyone can win—anything can happen and fast.

He said that the greatest individual effort he has ever seen in all of his years in baseball was turned in by Lou Boudreau in the playoff for the American League pennant in 1948. In that game Boudreau pounded out two home runs and two singles, besides fielding flawlessly to virtually win the game from the Red Sox single handed.

Bauer Terrific

Asked what he thought of Hank Bauer, New York Yankee outfielder, he explained his feelings in one word:

"Terrific."

He also commented on the fine play of Scooter Rizzuto during the past three or four years and commented on great players like Ted Williams, Joe DiMaggio, etc.

Mr. Berry told a few stories about his football experiences and said that when he was coach at Grove City College, he used to have a lot of boys from the New Castle area play for him.

He told of one dashing little halfback in particular that played under him named Art Alexander. Other players that played under Berry at Grove City at the same time was George Binder, New Castle high school JV coach, and Ralph Day, one of New Castle high school's all-time greats.

Wampum Gets Check

Mr. Berry had to hurry off at the conclusion of the banquet to catch a train for Philadelphia, where he was referee for the Philadelphia Eagle-Chicago Cardinal football game Sunday afternoon.

At the conclusion of Mr. Berry's talk, league president, Alex Samuels, presented a check for $100 to the Wampum Baseball Club, league champions, and a $50 check to runner-up Bessemer.

Fried chicken dinner was served by the ladies of the Altar-Rosary society of the St. Monico's church.

Video Grapplers Here Next Week

Several Newcomers To Display Ability

Tommy Leach, matchmaker of the Jefferson A. C. is making final arrangements for the appearance Wednesday, Nov. 29, of the club's next mat show which will head-lined by Jules La Rance and Ronald Etchinson, Video mat performers.

Like the foregoing pair, another newcomer, Sammy Berg will tackle Billy Venable and the always exciting tag will find the doughty Ivan (the Russian) Rasputin paired with Jack Vansky against Bobby Ford (of Youngstown) and Angelo Poffo.

Rasputin, Ford and Poffo wrestled for television at Rainbow gardens, Chicago, Wednesday night. Fred Von Schalk met Rasputin. The Russian was injured and the Milwaukee German was given the bout. However, according to reports the knee injury Ivan sustained will not keep him off the mat here.

Bierman, regarded as one of the foremost teacher of the single wing style of offensive play, coached the 1934, 1935, 1937, 1938, 1940 and 1941 Minnesota teams to Big Ten conference championships.

Sportsmen Meet Tuesday Night

Nominate Officers For Year 1951

Members of the Lawrence County Sporteman's Association will meet at eight o'clock, Tuesday night, in Ecclesian hall.

The nomination committee will present nominations for office for 1951. Nominations may also be made from the floor.

Motion pictures of sportative events will be displayed following the session.

No doubt reports as to how hunters have fared during the small game season, will be received and it is probable that doe and buck seasons will be discussed.

Owner Fred Saigh has not even hinted what he has in mind as a successor to Dyer, and the Brooklyn Dodgers have not yet got around to formally putting Shotton on the skids as expected.

HERE ARE SOME NICE BUYS IN GOOD USED CARS!

1947 MERCURY 4-DOOR
It's dark green and it really runs nice. The inside and outside are very nice. See it today. We're asking only $995.00.

1940 FORD 4-DOOR
This isn't the finest looking car in the world, but brother she does run nice. $45.00 down, balance about $7.00 a month, full price only $125.00.

1936 CHEVROLET 2-DR.
Here is a nice little car. The inside, outside, motor, tires and everything are so nice, it's a shame to sell it for only $95.00, but that's the price $95.00.

Service At Its Best

SATISFACTION

If you read all of the testimonials we receive from local and transient owners praising our "know-how" and low rates, you will understand what we mean when we say SATISFACTION is the primary aim in our shop.

WHY TAKE LESS WHEN THE BEST COSTS NO MORE?

CARE SAVES WEAR

Only thorough, periodic lubrication—not an occasional "grease-job"—can adequately control friction, your car's worst enemy. Our shop is equipped to do the job with premium lubricants, specified by the car maker, applied by conscientious service operators. This is basic preventative service. It will pay you big dividends in performance, economy and repair bills avoided.

Governor Warren's Daughter Injured

SACRAMENTO, Calif., Nov. 20.—(INS)—Dorothy Warren, 19-year-old daughter of Gov. Earl Warren, suffered several broken ribs in an automobile accident near Sacramento Sunday.

The accident occurred when the car in which she was riding with Robert E. Harris, 19, of Vallejo, struck the rear of a truck. The couple was returning from a fraternity dance at the University of California College of Agriculture at Davis, where both are students.

Gov. Warren's 17-year-old daughter Nina (Honey Bear) Warren is in a Sacramento hospital recovering from an attack of Polio. She is showing steady improvement and is expected to make a full recovery.

CRIME DOESN'T PAY

Quincy, Mass. — The week-end business conducted by thieves in four Quincy breaks brought small profits:

1. Got $1.50 in pennies.
2. A few packs of cigarets and a little cash.
3. Gun and a few pennies.
4. Nothing.

AMUSEMENT TAX PROPOSAL IS KILLED

(Continued from Page One)

levying a 10 per cent tax on tickets of admission to amusement places.

The bill was referred to committee. It was discussed.

Finally Councilman Richard Davis presented a motion to report the bill out of committee, with a negative vote.

Councilmen Medure and Schweinsberg voted for Davis' motion. Hoyland also voted for it, realizing his bill had been defeated.

Mayor John F. Haven voted opposite the four, saying: "I won't change my position."

Criticizes Colleagues

In committee Hoyland said he favored a raise for city workers, excoriated all excepting Mayor Haven for their failure to help offer plans whereby needed money for the 1951 budget could be raised.

He said he favored the amusement tax because such would hurt people less.

Mayor Haven said the Council had been elected by the people, and added that he as a member of Council had only one vote.

He said that sufficient money had not been provided for the budget and, if it could not be raised it would result in decreased service. He specifically mentioned the probable laying off of police, firemen and garbage workers.

Schweinsberg Explains Vote

When Councilman Schweinsberg was asked by a News reporter to explain why he favored the amusement tax in budget meetings then voted against it in Council meeting, he replied:

"The entertainment situation being as it is here, I personally feel that a 10 per cent amusement tax on the price of children's admission tickets is not quite fair, therefore I cast my vote against the plan as drawn."

Councilman Davis has been opposed to the tax since it was broached.

Councilman Joseph Medure said several days ago he would be against the amusement tax and raise in wages because no second was given to his resolution proposing an extension of rent control.

Prior to the consideration of the proposed ordinance on the amusement tax, John Brogan of the Motion Picture Operators union presented 1,105 petitions which he said opposed the tax. He submitted one petition which favored it. He said this made a total of 4,500 against the tax and five in favor of it. Some motion picture exhibitors accompanied Brogan to the Council meeting.

SOLD SHOULDER FOR PEACE PLAN

(Continued from Page One)

his ten-point memorandum which he took with him on his "peace" tour of European capitals last summer, has been widely welcomed as a workable approach to the problem.

Vishinsky declared he will vote against Lie's plan, which he termed "biased." He described Lie as the "loudspeaker" of the North Atlantic Alliance.

The Russian's views were denounced by Sen. Henry Cabot Lodge, Jr., (R) Mass., a member of the U. S. delegation at U. N., who declared that the 'Vishinsky doctrine" seems to justify wars between countries with different economic systems.

Urging Vishinsky to impress on Moscow the western world's desire for peace, Lodge said:

No Attempt To Conceal

"We have made no attempt to conceal the fact that we consider the Soviet regime dictatorial and oppressive. We think the Russian people would be better off and happier if their government would allow them to think for themselves and to get out and see the world."

"But that does not mean that we would classify a war to destroy the Soviet regime, or any system of the Soviet type, as 'just.'"

Immediately after the peace plan is voted, the powerful political committee will convene at Lake Success to begin debate on Nationalist China's charges of Soviet threats and interference in Chinese affairs through support of Mao Tse-Tung.

Tingfu F. Tsiang, top-ranking Nationalist representative at U. N., will press for adoption of his proposal for an investigation of the Chinese question and Moscow's role in Mao's rise to power.

Debate in the political committee on the year-old Nationalist complaint precedes the arrival in New York this week of the nine-man delegation from Peiping to discuss Chinese Communist charges of alleged U. S. aggression against Formosa.

a half miles against virtually no resistance from Red troops that suddenly withdrew.

But on the west wing of the slanting front, American, British commonwealth and South Korean patrols encountered heavy fire at some points as they came up against Chinese and Korean Red defenses in depth.

Reach Border Soon

In the southern fringes of Hyesanjin, Kaplan said, the GIs were only two miles south of the Yalu. At their rate of advance, the Americans were expected to reach the actual border of Red China's Manchuria in another few hours.

Their tanks and trucks crunching over three inches of hard-packed snow in bitter cold weather, the GI's encountered only light and sporadic Communist resistance as they drove up the 20 miles from American-captured Kapsan to Hyesanjin.

In northwest Korea, however, other United Nations forces ran into Chinese and Korean Communist defenses in depth in sectors 55 to 65 miles below the Manchurian Yalu river frontier.

Far behind the lines, fighting of mountain intensity and scope raged in several areas where strongly organized Red guerrilla forces were stepping up their attacks.

Guerrilla's March Fails

South Korea's army chief of staff declared that a march of 2,500 guerrillas on the Korean republic's capital of Seoul itself had "completely failed".

The thrust to within sight of the Manchurian boundary in the northeast sector was announced dramatically by Gen. Douglas MacArthur's Tokyo headquarters in a communique issued at 4:25 Monday afternoon (2:25 a. m. EST).

"Forward elements of the United States Seventh Division," said the bulletin, "advanced to Kapsan, secured the town and continued driving north to within five miles of the Manchurian border."

This represented a forward dash of at least 15 miles in about 18 hours by the Seventh Division's tank-led 17th Regiment, since it captured the walled city of Kapsan Sunday after overrruning an enemy ambush.

Pushing north along the Hochon river which flows into the Yalu, the armor-tipped GI column was virtually in the outskirts of Hyesanjin, a Korean rail-highway town at the international border.

New York Stocks

Stock Market Trend Is Upward

NEW YORK, Nov. 20.—(INS)—The stock market continued to make selective progress in active dealings today. A further rise in industrial averages lifted this index to a new 20-year high, while rails lagged under profit-taking.

Among the industrial issues to forge ahead were Texas Gulf Sulphur up ½ to 92, Devoe & Reynolds up ¾ to 26⅞, International Paper up ⅜ to 48⅝, U. S. Steel up ¼ to 40⅞, Bethlehem Steel up ⅜ to 46¼, Chrysler up ½ at 70¾, and DuPont up ⅜ at 83. General Motors was again a backward performer, easing ⅛ to 47¾.

Standard of New Jersey edged up ⅛ to 87⅜ in the oils, while Douglas was a strong spot in the aviations with a rise of ¾ to 87½.

Rails were mixed. Erie gained ¼ to 17⅞, Canadian Pacific was unchanged at 19½, Illinois Central off ⅜ at 54¾, and Western Maryland up ¼ to 17⅞.

Curb stocks were mostly higher. Cities Service was up ⅞, Electric Bond & Share was up ⅛, and Kaiser Frazer was unchanged.

The bond market moved irregularly higher with some rail issues easier.
